Conflict Resolution Procedure

For Dealing with Parent* Complaints/Concerns
Georgia Cumberland Conference
Office of Education

The Conference K-12 Board of Education has voted the following Conflict Resolution procedure for adoption and use in all schools. The procedure is mindful of due process and founded on the Biblical principles of Matthew 18. Any questions regarding the fundamental philosophy and/or procedures prescribed should be directed to the Office of Education.

Parent*/Teacher Complaint Procedure:

1. ** Complainant is to meet with the teacher alone or as a family to deal with the issue/complaint. **Under no circumstance is the issue/complaint to be discussed with any other party.**
2. If the complaint remains unresolved after Step 1, the unresolved complaint is to be taken to the school principal/head teacher for the purpose of securing assistance in finding resolution. ** A meeting among the three parties (principal, complainant and teacher) is to be held with the principal chairing the meeting. The principal is to keep minutes of the meeting including all relevant issues and/or agreements discussed. The minutes are to be reviewed by all parties prior to the completion of the meeting. Should the grievance involve the school principal be involved, the Office of Education is to be notified.
3. At each instance in which a complaint is registered, the teacher should have the right to address the complaint directly. If the complaint remains unresolved then the complaint will be referred to the Executive Committee of the School Board. At this point, the Office of Education is to be directly involved.
4. If, after the aforementioned steps prove unsuccessful, and the complaint remains unresolved, a final appeal of the issue can be made to the School Board. In order to insure fairness, the teacher is to be present at this meeting. A representative from the Office of Education will be invited by the school board chairman to participate in the discussion of the issues. Should the complainant be a member of the school board, he/she will remove himself/herself from the decision-making process relative to the issue at hand. A final resolution to the complaint will be acted upon at this level. All parties are to be officially notified, in writing, of the school board's decision.

Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information services. Recognizing the potential for accessing sites other than the educational ones indicated by the classroom activities, families may choose not to permit their children access to the internet through the school's network.

- Teachers have the right and duty to schedule, monitor and restrict internet use.
- Students may use only the email services provided by the school.
- You should expect no privacy of the contents of your personal files on the school system or the internet. Routine maintenance and monitoring of the system may lead to discovery that you have violated this policy. Your parents have the right at any time to see the contents of your email or school files.
- The school will cooperate with local, state, and federal officials in any investigation related to illegal activities.
- Never bring DVDs, CDs, external hard drives, or other accessories from home and put them in the school computers without teacher's permission.

ACS's Information Technologies Acceptable Use Policy for Grades K-2

Recommended by the Georgia Cumberland Conference

In order to use the Computer Network and Internet, I need to understand and agree to obey the following rules. If I do not use the Internet and Network in the right way, my teacher may take away my privilege of using them.

Use Rules

1. My teachers want me to use the Internet to learn more about the subjects I'm studying at school. I will not use the Internet for any other reason. For example, I will not search for a comic book site when I'm supposed to be looking for something in science.
2. Chat rooms and email are available to me only when my teacher gives permission or directions. I will be polite to other people when writing or talking to them while on the Network. I will not use words or language that my teacher or parent would not want me to use.
3. I am not to bring disks or CDs from home and put them in the computer. The files I create are to be saved into my personal folder. If I need to take a file home to continue my work I will ask for a virus-free disk to use.
4. I may be given a password – a special word that only my teacher and I are to know. I may have to use this password to log onto a computer or to send email over the Internet. I know that I must never tell anyone what that password is. Even if my friend cannot remember his or her own password, I will not tell my password. And I know that I am never to use another person's password. If I cannot remember my password, I will ask the teacher.
5. I will not get into folders or files that do not belong to me.
6. I will always use the computer materials carefully. I will not take food or drinks to the computer area. I will be careful with the keyboard, mouse, headphones, and other computer parts. I will not poke things into the holes on the computer, or push buttons on the computer or monitor. If it seems that the computer is not working right, I will tell the teacher and not try to fix it myself.
7. I will print only after I have followed the Rules for Printer Use.

Safety Rules

1. I will never give my name, my home address, any personal information about me, my telephone number, or information about my school phone or address to anyone I write to or talk with on the Internet. I know that almost anyone I contact is a stranger to me, and that I don't share personal information with strangers no matter how nice they seem to be. I will never send them personal information, such as a picture or my name, using an envelope and a stamp.
2. I will never put a picture of myself or a friend on the Internet without my parent's permission.

3. I understand that sometimes I may see a site on the Internet that has pictures or words that my teachers or parents would not want me to see. I will not try to find those sites and, if I come across one of them by accident, I will leave it as soon as I can. I will use my back key to take me to another site. I will not continue to look at the site with the bad picture or words, and I will not show it to others around me. I will not print it out or save it. Then I will quietly tell the teacher what happened.

Legal Stuff

1. People I write to or talk with on the Internet cannot see me, so they will not know what I look like or how old I am. I promise to never tell people that I am someone else. I will always check with my teacher before sending an email to someone new.
2. I understand that the teachers and staff may look at documents and log files to ensure that I am using the system responsibly.
3. I agree that I cannot use the words or pictures I see on an Internet site without giving credit to the person who owns the site. I will not copy information from the Internet and give it to my teacher as my own work.

Student's Agreement

I understand the rules that have been read to me. I agree to obey these rules when I'm using the computers at school. If I do not obey, I may not be able to use the Internet again at school.

I give my permission for my child to use the Internet at school.
