

Mobile acoustics for remote working

FAST. FLEXIBLE. FUNCTIONAL

#Staywellremote

Make your space your own.
Communicate to hear and be
heard. Stay sound wherever
you work.

In response to the world's increasing demand
for flexible and remote workspaces, Acoufelt
have created a line of mobile acoustic
solutions; Fast, Flexible and Functional.

FAST

We've made this range quick
and easy to assemble and
install, so you can focus your
time on what's important.

FLEXIBLE

These solutions are mobile, so
you can set up your workspace
wherever you need to.

FUNCTIONAL

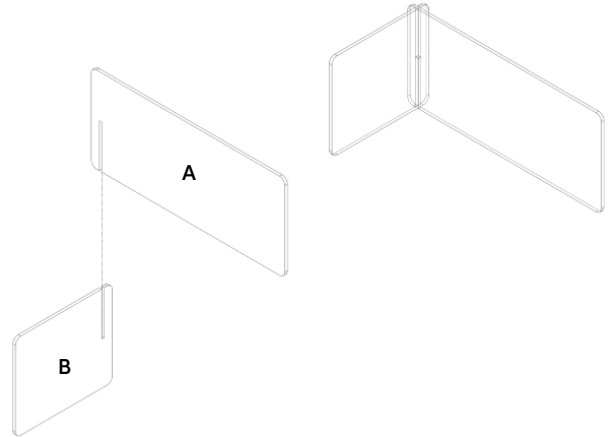

Our solutions are designed
for acoustics, so you can work
undistracted by noise.

MOBILE ACOUSTICS - TABLE DIVIDERS

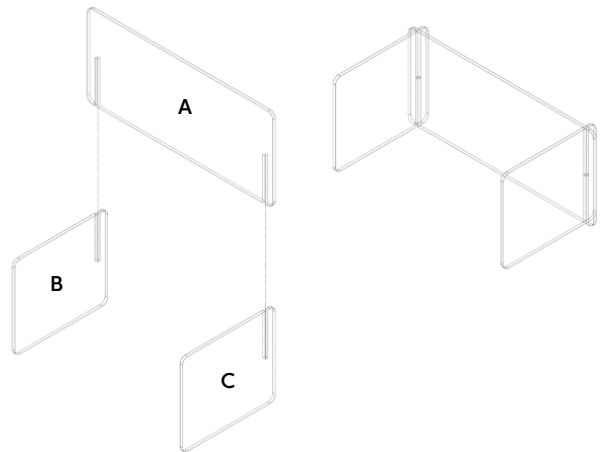

L-DIVIDER

For L-Divider, slot component A into component B.

U-DIVIDER

For U-Divider, slot component A into component B and C.

Composition	100% polyester
Color	Platinum
Material	FilaSorb™
Recycled Content	60% min.
NRC Rating	0.45

Make your space your own with Acoufelt's range of table solutions. Designed to reduce ambient noise and visual distractions, U and L shaped freestanding dividers are lightweight, easy to assemble and compatible with a range of work surfaces. Plus – they're made from a minimum of 60% recycled content.
