

## *21 - 27 March*

CAP and local churches work together to bring transformation to communities. This week, we want to celebrate these connections, pray for them to be strengthened and that God would arrange new connections and partnerships.

**Monday** Thank God for the 715 churches already affiliated with CAP, delivering our services in their communities. Pray that more churches would seek God about how to tackle poverty in their region and that God would lead them on a fruitful path to accomplish his will.

**Tuesday** Pray for more churches to hear about CAP and reach out to explore the vision we are working towards. Pray that relationships can grow and opportunities to support arise.

**Wednesday** Pray that the Holy Spirit would strengthen our bonds to local churches and that he would be glorified through our connection and relationships.

**Thursday** As people come into contact with CAP, may they hear about local churches. Pray for God to spark curiosity in them to come to services and events and to hear about him.

**Friday** Pray that as clients find a home in local churches, they would give their lives to Jesus and become rooted in the family of God.

**Saturday** Pray for whole families to find a feeling of home in local churches. Pray that children and grandchildren would give their lives to Jesus and follow him. Pray that the generational story of each family would be transformed, travelling along an ever brighter pathway.

**Sunday** God, we are your body. We are strengthened through our connections to one another, each serving you in different ways. Please continue to connect us together and may the relationships between CAP and local churches be fruitful in transforming communities in the UK. Amen.
