PHILOSOPHY

Jones Creek Adventist Academy recognizes both the spiritual and secular aspects of the profound events transpiring in the world today.

The *secular* challenge of today is to prepare the students for the cutting edge of tomorrow's technical demands. The distance between those students who are prepared and those students who are not prepared for the future is widening.

The *spiritual* challenge of today is to assist the students in replacing any self-serving ideals with the Christian responsibility of service to others. Students will be guided into the knowledge that individuals, at any age level, can find true happiness only in serving Christ and in serving others.

Our goal is to assist the students to reach their full potential, both spiritually and vocationally. This goal will be accomplished through the development of critical and analytical thinking skills and through the development of reading capabilities.

At Jones Creek Adventist Academy education is dedicated to restoring man in the image of his Maker, promoting the development of the mind, body, and soul, by ever pointing to Christ and teaming up with Divine Agencies.

THREATENING OR ABUSIVE BEHAVIOR GUIDELINES

It is a primary responsibility of ARKLA SDA schools to provide a safe secure environment for students while they grow physically, mentally, socially, and spiritually in the system. The recent incidents of students killing other students and their teachers compel each school to closely examine how threats or abusive behavior by students or adults are dealt with on the local level. It is therefore important to place policy concerning safety in the hands of parents and students at registration, making them aware of procedures should behavior occur which demand extreme measures. The age of the students involved must be taken into consideration for appropriate response to threats or abusive behavior. (Two angry kindergarten students fighting demand a different response than two 8th graders fighting.)

1. *Students threatening student or adults:*

Students who threaten other students or adults with criminal behavior will be immediately suspended from school by the head teacher/principal until their behavior has been analyzed by a certified professional counselor or psychologist to determine if it is safe for the student to return to school. The head teacher/principal will notify the school board chairman immediately when the student is suspended. The student and parent must meet with the school board before the student is readmitted to school. The student may be accepted on a probationary basis when returning to school.

2. Adults threatening student or adults:

Adults who threaten students or adults with lawless behavior or who use obscene or abusive language will be asked to leave the school premise immediately, and the incident reported to the local prosecuting attorney for appropriate civil action. It is recommended that this inappropriate behavior is tape recorded*. Abusive phone conversations should also be recorded* and given to the prosecuting attorney. A written summary of the incident should be made immediately by the teacher/principal and signed by witnesses.

3. Students intentionally injuring students or adults:

Students who intentionally injure another student or adult, with criminal behavior and attitude will be immediately suspended from school by the head teacher/principal until their behavior has been analyzed by a certified professional counselor or psychologist to determine if it is safe for the student to return to school. The local law enforcement agency will also be notified of the injury. The head teacher/principal will notify the school board chairman immediately when the student is suspended. The student and parent must meet with the school board before the student is readmitted to school. The student will be placed on probation if allowed to return to school.

4. Adults intentionally injuring students or adults:

Adults who intentionally injure a student or adult on school premises will be immediately turned over to the local police or sheriff's department for appropriate action. A restraining order may be obtained to prevent the adult from re-entering the campus.

*It is recommended that each school and each teacher obtain a phone with speaker-phone capabilities and also a small hand held tape recorder to assist in the safety program of the school. Phone conversations that will be recorded must be identified to all parties involved.

STANDARDS IN DRESS

All students will wear the official School Uniform Monday – Friday or as designated by the school administration. Outerwear may be worn to and from school and at outdoor activities. Caps will not be worn in the building.

On occasion, for casual dress day, every student is expected to dress in a modest, healthful manner. Simplicity, neatness, cleanliness, appropriateness, and modesty are the standards of good taste in dress. Recognizing that modesty is a matter of conduct as well as attire, pictures, slogans, advertising and wording that are contrary to Christian principles are not to be worn on any clothing at any school activities.

Radical and/or bizarre changes to hair color and/or hairstyle will not be tolerated.

The administration reserves the right to deal with each student on an individual basis. Decisions as to appropriate dress in particular instances will be made by the principal and faculty. When not deemed appropriate, the student may be asked to return home to change to appropriate dress and will not be allowed to complete the day's schedule until a change has been made.

Non-compliance will bring a fine, and/or in-house suspension. A continuance of non-compliance may lead to dismissal.

PARENT'S CONCERN PROCESS

STEP ONE: INITIAL CONCERN DISCUSSED

1. When a concern arises, the individual with the concern must meet and speak directly to the teacher involved about that concern, seeking understanding and resolution. The concern may be expressed in writing as well as verbally.
2. The concern shall not progress to Step Two until Step One has been fulfilled.
3. Both parties are expected to write a brief summary of this initial meeting if the concern is not resolved.
4. It is considered unethical to discuss the concern with a third party before Step One has been completed.

STEP TWO: INITIAL CONCERN UNRESOLVED

1. If the initial concern is unresolved at Step One, the principal/head teacher will set a time convenient to both parties to meet together to discuss the concern seeking resolution. Both parties will present the principal/head teacher with their written summaries of the initial meeting.
2. If the principal/head teacher is included in the initial concern, the school board chairman will become involved and follow the procedures outlined in Step Two A.
3. The principal or school board chairman will keep written documentation of this meeting, and request both parties to sign the completed summary.
4. It is considered unethical to discuss the concern with individuals not related to the problem.

STEP THREE: SCHOOL BOARD CHAIRMAN OR SUPERINTENDENT INVOLVED

1. If the concern is unresolved at Step Two the school board chairman will set a time convenient to the principal/head teacher, the individual with the concern, and the teacher involved to seek resolution to the problem. The signed documentation from Step Two will be presented at this meeting.
2. If the school board chairman was involved in Step Two, the ARKLA Conference Educational Superintendent or designee will also be present.
3. The local church pastor(s) will be invited to attend this meeting.
4. The school board chairman or designee will keep written documentation of this meeting, and request all parties attending the meeting to sign a completed summary.

STEP FOUR: SCHOOL BOARD INVOLVED

1. If the concern is unresolved at Step Three, the school board chairman will invite the concerned individuals to appear at the next school board meeting. The signed documentation from Step Three will be presented at the meeting.
2. The ARKLA Conference educational superintendent or designee will be present.

3. The concerned individuals will be given opportunity to express their complaint and the teacher or principal will be given opportunity to reply. The school board members may question both parties.
4. After this questioning period both the concerned individuals and the teacher or principal will be asked to leave the room while the board decides if this is a parent/student problem, a teacher/principal problem, or a combination of both.
5. If this is a parent/student problem it will be dealt with according to policy in the school handbook and Southwestern Union educational policy. This conclusion reached by the board will be given to the parent in written form and the matter will be closed.
6. If this is a teacher/principal problem this process will progress to Step Five.
7. The discussions and conclusions will be kept confidential by all parties involved. The school board will evaluate the situation to determine if new school policies and procedures should be implemented to avoid similar problems in the future or to correct the current problem. At no time during a school board meeting may a complaint against a faculty member be presented without first having followed the procedures outlined in the previous steps.

STEP FIVE: TEACHER/PRINCIPAL PROBLEM

1. If it is determined by the school board in the presence of the educational superintendent that the concerns are due to teacher/principal problems, the problems will be concisely outlined in writing by the educational superintendent and presented to the teacher/principal along with expectations to correct the problem. A procedure to evaluate the expected changes will also be determined. A copy of the problems, the expectations, and the evaluation procedure will also be shared with the school board chairman.
2. After approximately 60 days the teacher/principal's progress will be evaluated with a copy of the results given to the teacher/principal and the school board chairman. If expected progress is not evidenced the superintendent will send the teacher/principal a letter outlining the seriousness of the situation.
3. After a second 60-day period the teacher/principal's progress will be evaluated again with a copy of the results given to the teacher/principal and the school board chairman. If adequate progress has been made the concerns will be considered closed and a letter of appreciation given to the teacher/principal for their accomplishment by the superintendent. If adequate progress has not been made the superintendent will send the teacher/principal a letter informing the teacher that expected progress is not happening and that an administrative transfer to a new location may be necessary. If at all possible the transfer is not to take place during the school year.
4. At the end of the second 60-day period the school board, with the superintendent present, will determine if the teacher can continue to function effectively in the school or if the K-12 Board will be asked to transfer the teacher to a new location.

FINANCIAL POLICY

The financial policies of Jones Creek Adventist Academy (JCAA) are based on directions from the Church and School Board of the Baton Rouge Seventh-day Adventist Church in conjunction with the Arkansas-Louisiana Conference of Seventh-day Adventists.

JCAA is a not-for-profit entity and makes every effort to keep school charges as low as is consistent with good business management.

Before a student is enrolled in the school, a parent or guardian must accept financial responsibility for the student by signing a contract stating that the account will be paid on a regular basis.

Registration Fees

The registration fee is non-refundable and must be paid in full to JCAA before the student can be considered for admission for the upcoming school term. This fee covers the cost of items such as textbooks, student insurance, library materials, school yearbook, scholastic aptitude tests, etc.

4. No student will be allowed to register for a new school year until all past due tuition and fees have been paid and the account has a zero balance.
5. In addition to the registration fee there are ten monthly tuition payments due on the 1st of each month, August through May. The first month's tuition must be paid in full to JCAA in order to complete the admission process.
6. A tuition payment will be considered delinquent if it is not received by the school by the 10th of the month after which it is due. At that time, a late fee of \$25 will be assessed to the account and the school treasurer will send a letter notifying the parents that a late fee has been assessed and reminding them of the delinquency policy.
7. If an account becomes 30 days past due, the school treasurer will notify the parents informing them that the student will not be allowed to attend school until the account is brought current. If there are problems that prevent the account from being brought current, please contact the school administrator before the 30 days are over.

Constituent Church Member Rate

Active members of Baton Rouge SDA Church and its constituent churches receive a tuition discount. An "active member" is one who is regular in attendance and supports that church regularly with tithes and offerings.

Multi-Student Tuition Discount

Families with more than one student enrolled in Grades K-8 at JCAA during the same school year are eligible for the following discounts:

1st Student	Pays full tuition
2nd Student	5% discount on tuition
3rd Student	10% discount on tuition
4th Student	25% discount on tuition

The largest discount will be applied to the youngest child.

Pre-Payment Tuition Discount

Accounts paid in full by August 1 will receive a 5% discount on the yearly tuition rate. No other discounts will apply.

Financial Assistance

It is the goal of JCAA to provide a quality Adventist education to every child who desires such an educational environment. Seventh-day Adventist families that anticipate the need for financial assistance should obtain an application for financial assistance from the School Treasurer.

In the application for financial assistance the family will be required to provide information which will be used in determining their level of eligibility for assistance.

Each family applying for financial assistance will be required to submit their most current Federal Tax Forms along with a Student Aid Application Form. Falsifying information or failure to meet personal financial commitments to the school may disqualify families for financial assistance.

Refund Policy

1. Registration fees are non-refundable.
2. First month tuition is non-refundable.

STUDENT WITHDRAWAL

If a student withdraws from school, the first month's tuition charges will not be refunded. Starting with the second month, the refund will be prorated for the time the student attended school.

ASBESTOS

The Asbestos Hazard Emergency Response Act (AHERA) requires that parents and employees be notified annually when a school building contains asbestos. Per AHERA regulations JCAA was inspected and a management plan prepared in July of 1989. This inspection found JCAA to have building materials that contain asbestos. These materials were removed in compliance with AHERA regulations. The management plan is available for review at the school office
