Health Eaters  
Tour with the  
Preschool

## Hot Lunch

Tuesday—Pizza

Thursday—Mac & Cheese

# Classroom News

## Mrs. Davidson's Class

We made it to May! This is going to be a mad dash to the end. This week we have been doing a Friendship Challenge, and each day the students have done an activity to help them show love and appreciation for their friends and focus on what it means to be a good friend. To celebrate, we watched a movie about friendship on Friday afternoon.

The students are making good progress on learning the names of Jesus' 12 disciples. We have looked at some stories of how Jesus taught his disciples to see others as he does - the story of the Syro-Phoenician woman, and the story of the Rich Young Ruler. Both of these encounters turned the disciples' perspective upside-down, and Jesus had an important message to teach them and us.

Remember our Family Movie Matinee on Sunday. Please make plans to come join us at 4:00 for good food and a fun family movie. Our upper graders will be serving tacos and burritos in celebration of Cinco de Mayo to raise funds for their trip, leaving on May 12.

Next Thursday is Track and Field Day at Gem State Adventist Academy in Caldwell. Please look for addition announcements and information next week. Your \$2 per student should be turned in as soon as possible.

## Teacher Martha's Class

"This week our Bible story was "One big family". We learned about the "Happy Sunday" that Jesus resurrected and how he went to live to heaven where we all are going to live when he comes back as a "big family".

We read the book "Jalapenos Bagels" and made our own bagels! We reviewed the concepts we have learned about continents and oceans. We took "a flight" to Mexico. We had fun learning about Mexican food, art, literature and a little bit of Spanish.

In math we have been working with numbers from 1 to 100 and addition. Kids have done a great job."

Thanks to Teacher Cecilia for fulling in for Martha while she was gone a few days!

## Teacher Holly's Class

We are starting on our Mother's Day surprises!! It's always fun to watch them try not to tell.

We are working on number recognition and quantity. We started a number book. It will be a work in progress.

They enjoy the Story Box. The children randomly pull one card out of the box. A who, ( Grandpa) what, (scooter) and where (library) Using these items they make up a story.

We are practicing a fun little story/poem for our graduation program.
