

PRAYER TOPICS

WEEK BEGINNING MON 14th February 2022.

Hi Everybody

I have had some really great prayer times recently, in large groups, in two's and on my own. On some occasions I have had pen and paper with me. In the quiet periods I have taken to writing thoughts that came to me. If I share them I pray that they will be a blessing to others. Some may be from God, some may just be from my subconscious. If I do not share them and they are from God then a blessing for someone will pass, then that person or persons will miss out. Therefore, I will not be timid this time and maybe the thoughts will be a blessing and or prompt you to pray.

This is what came to me during a prayer time at the Elders meeting.

Presence of God.

Control -

- Do we really believe God is in control of the world, creation, nature, earthquakes, volcanic eruption.
- Do we believe he is in control of us? Do we let him take control? Does he control our thoughts, actions?

Gold -

Do we really know we are more precious than gold? Do we allow Him to treat us like gold, refining us like gold burning off the dross.

Potter -

A potter uses clay. If he makes something and it does not turn out right, he takes the clay and makes it into a ball again starting over, before it is fired and becomes hardened and useless.

Is there someone we know who is going astray and needs to be remoulded by God? Pray for them, talk to them before it is too late.

What about us? Is there something God is trying to get us to do or say? If there is then know what is right, discern and seek guidance.

Blessings Richard.
