## The Books about Pettson and Findus

The first book about Pettson and Findus, *Pannkakstårten*, was published in 1984 and has stayed popular ever since. The book has, until today, sold nearly 2 million copies around the world. 30 years later the first board book, *Känner du Pettson och Findus?*, was published and sold 27 000 copies in Sweden during the first nine months. The entire series has been a success right from the start, both in Sweden and around the world. All together they have sold approximately 15 million copies and have been translated into about 55 languages.

All the books have been highly welcomed and sold over 1 million copies each, but the three most popular titles around the world are *Pannkakstårten*, *Pettson får julbesök* and *När Findus var liten och försvann*. Those have together sold nearly 6 million copies.
