Hi Angie,

Here's a letter I received last year once all my training and purchases were made. Let me know if this helps.

Hello Patricia,

It's official, welcome to the NES family of practitioners! I am so excited that you took the leap :)  
Don't hesitate to reach out with any questions you may have as I am your Bioenergetic Practitioner Consultant and am available to help when needed.

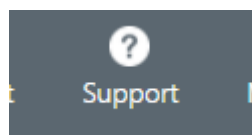

Please note that moving forward you will contact Practitioner Success team (aka support) for the following as I am not well-versed in these areas:

- concerns with orders placed/order changes/adding to orders/order errors
- technical issues - you can include attachments and send documents, contracts, or screenshots you've saved if needed
- log in issues

You will soon be assigned a Practitioner Success team member who will help you to get your Energy4Life (E4L) platform up and running.

**Practitioner Success Team (support)**

Find the icon for this on your toolbar, right side

If you're not sure feel free to reach out to me and I will help best I can. As always I will remain available for you via my calendar [Phone Appointment](#) and, of course, email.

## Important things to do to get started

### Referrals

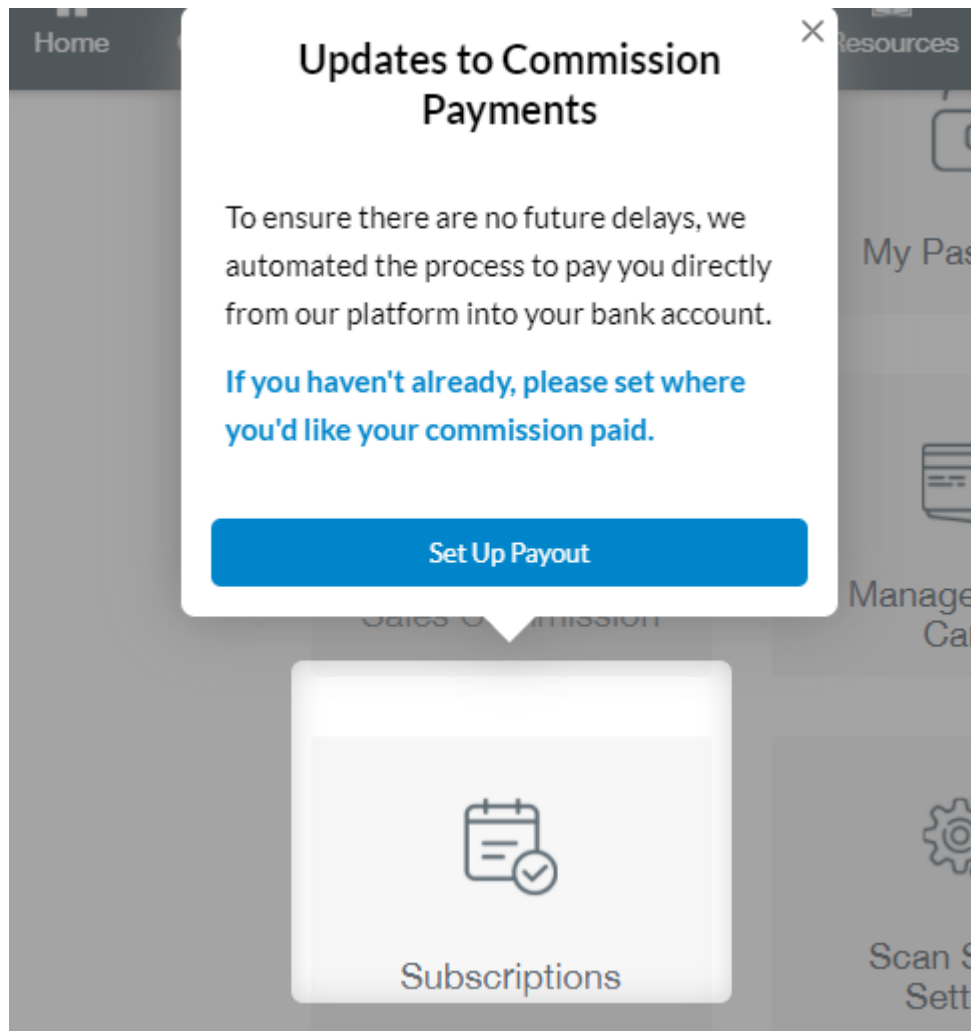

Go into your Resources tab and click on Referral Center - Review and complete the Referral Agreement - this will allow us to pay you for your referrals who purchase a NES system.

### Your referrals

When you are working with someone who may be interested in learning more about NES as a practitioner **please get me their name, email and phone** as soon as they start expressing interest. I will earmark them as a referral from you and put them on "hold" until you ask me to contact them. This is important - if you don't refer them and they go into our website to sign up for free content, videos, etc . . . they may be contacted by another NES representative and I won't be able to work with them.

## COMMISSION PAYOUT SETUP

Also, make sure you've gone in the MY ACCOUNT section and completed the PAYOUT section so your commissions are automatically disbursed to you each month after the 10th.

## Energy4Life (E4L) Practitioner Course

In your education center (graduation hat) you will now find the E4L Practitioner Course - to access this you must click into it and review and sign the document and forward that to the support desk as well. Once you have done this you will have access to the course, packaging options and all other accessories attached to it within your portal.

I will let you settle in a bit and send another email the end of the week with much more information . . .

## Want to run a fully remote BioEnergetics practice?

With the NES Platform, it's easy and you can start today.
