## **Jester Park Equestrian Center**

## **Guided Trail Rides – Weather Guidelines and Policies**

Occasionally, the Jester Park Equestrian Center (JPEC) may have to cancel trail rides due to extreme weather circumstances that may jeopardize the safety of riders, staff, or horses on the premises. All reservations that are cancelled by JPEC will be offered a full refund or an opportunity to rebook their reservation for a later date and time.

It is JPEC's policy that in the event of a *severe weather warning* issued by the National Weather Service, JPEC will cancel any and all reservations within the severe weather warning time frame.

Other occasions where JPEC may notify you about your reservation being cancelled is if the Heat Index poses a safety concern for our staff, horses, and customers. Jester Park Equestrian Center utilizes the NWS Heat Index Formula/Chart to determine daily trail program operations:
