

Happy Sabbath Bonners Ferry church family!

.....
It's wonderful to know that every day gives us new opportunities to praise and give thanks to our loving Father!
.....

On the Maghreb Project: The Maghreb region has four seasons of weather. We've been told the temperatures are similar to what you would expect in Southern California. It gets hot during the summer and winters are mild. The temperatures have ranged from low 50's to mid-70's the past couple weeks. We have also been told that many of the homes do not have heat so we are planning to have plenty of layers to wear during the cold, desert nights!

Maghreb Preparations: Ian has been released from all medical care and so... WE ARE LAUNCHING!!! We will be on a plane to the Maghreb project on January 19. While we wait, we are doing intense French language tutoring, last minute packing, and praying a great deal. In just a few weeks we will be sending you updates from Africa.

PLEASE NOTE: Make sure to add **ianandalsa@protonmail.com** to your email contacts to ensure you receive emails updates from us. We are hoping to send pictures, videos, and stories from the field and don't want you to miss our emails!

We pray for you that you will know the love of our Father that is shed abroad in your hearts and that His love with overflow from you to those nearby who have yet to learn of our Father's heart for them. While we might not be able to visit with you again before we launch, know that you are in our hearts and prayers regularly.

In the love of Christ,

*Ian & Alsa Lain**
