Paris Olympic Bid Contribution:

As discussed at the World Squash Federation (WSF) President's Council there has been a request for funds. Minimum \$15,000 a year for two years from member nations to support the Paris 2024 bid. The Olympics are crucial for the sport and we need to try and find the resources to support the sports push. All states have graciously agreed to donate \$1 per player each year, for two years to contribute to the fundraising efforts, with Squash Australia filling at least to the minimum level each year if not more. All invoices were sent out to the states at the end of June.

Your support is appreciated.

Mid-Year 2019 Conference:

In previous years we have had a conference during the middle of the year to discuss strategy and other ways to improve the sport. The last mid-year conference was in Melbourne in February, 2016 where immediate priorities were set for the Squash Australia Strategy. The proposed date in 2019 would be mid-June around the World Doubles Championships and Annual Awards date on the Gold Coast. Please send feedback on the suitability of those dates to ceo@squash.org.au
