

GIUSEPPE LA LOGGIA

Managing Director - Head of Renewables

SUMMARY

- 15+ experience in renewable energy and in asset management, a distinguished legal and commercial background and a proven track record in managing large and complex projects
- Successfully managed a portfolio of more than 150 companies and the construction and operation of the largest portfolio of operational commercial solar assets in the European Union (UK, France, Italy); a cumulative investment of over £1.5B with installed capacity exceeding 1000 MW
- Successfully developed and built over 500 MW of solar projects in Italy delivering them in the financial and bond markets
- Won the European Project Bond Deal of the Year 2010 as sole director of Andromeda PV Srl - a company fully owned by SunPower Corporation. This was the first ever solar project bond (€260m) in Italy and the first publicly rated and listed project bond in the world
- Originated, managed the construction and refinanced 64MW of unsubsidised solar assets in Italy, the first in its kind in Europe

WORK EXPERIENCE
