SECTION 1: GENERAL INFORMATION

1.1 Coach Development Framework Overview

Squash Australia has a new five-tier coach development framework that provides education, training and mentoring to coaches as they progress along the coaching pathway. The programs reflect the skills and techniques required of players at each level of the player pathway.

Foundation Squash Coach

This coach is qualified to deliver basic training sessions that develop the squash technique of novice and junior players – this is generally defined as players' 12-years and under who are still acquiring the skills needed to play matches. The coach may work independent of any supervision as they are fully qualified to provide such instructional training. Coaches at this level are also encouraged to work with older players (i.e. to gain valuable 'on-the job' training), but only as an 'assistant coach' under the supervision of a coach with appropriate qualifications.

Club Development Coach

This coach is competent to plan, conduct and evaluate training programs suitable for the diverse range of ages and abilities found among registered Club or Centre players. A Club Development Coach must plan and supervise training to best prepare players of different ages, abilities and competition goals to achieve their potential. All Club Development Coaches should have the skills to prepare players for Club/Centre, District and State (or higher) level competitions. Club Development is the accepted standard for coaches implementing a diverse Squash Club/Centre program.

Talent Development Coach

This coach is competent to plan, conduct and evaluate advanced training programs suitable for players competing at State and Australian Age Championship (or higher) level competitions. A Talent Development Coach has demonstrated the ability to train players who have achieved National Age competition. The Talent Development Coach should have the skills to structure a complex training environment that allows for a progression from Club and State level competitions to success at the National level. A Talent Development Coach demonstrates their support for the Squash Australia approved Performance Pathways by either engagement or supply of players.

Performance Development Coach

This coach is competent to plan, conduct and evaluate advanced training programs suitable for players competing at Australian Open Championships (or higher) level competitions. The Performance Development Coach should have the experience and knowledge to provide coaching leadership and serve in a mentoring or educational role to assist Foundation, Club and Talent Development coaches.

High Performance Development Coach

A High Performance Development Coach has the demonstrated ability to prepare players to successfully compete for medals at World Championships and/or Commonwealth Games competitions as members of the Australian Squash Team.

Qualified squash coaches may apply for a Squash Coach's **Accreditation** under the guidelines set and implemented by Squash Australia Ltd. Being a member of Squash Australia Ltd. Coaches are subject to all member welfare policies including Squash Australia's Coaches code of conduct. As members you gain access to an insurance scheme, professional development programs, discounts on educational products, and regularly receive print/electronic information. Coaches accredited by Squash Australia will receive an 'accreditation card' covering their period of recognition.

1.2 Licensing/Franchise Arrangements

State/Territory Member Organisations of Squash Australia are endorsed to deliver the Foundation Squash Coach, and the Club Development Coach programs on behalf of Squash Australia. Each State and Territory affiliate will be required to comply with the terms and conditions of program delivery as outlined in their State Funding Agreements. No fees apply to this arrangement.

Squash Australia is responsible for the delivery of the Talent Development Coach and Performance Development Coach programs and the approval of the High Performance Coach recognition. Some aspects of these programs may be conducted in conjunction with the Member Organisations.

This means that any coach that is affiliated (through their State/Territory Squash Association) and a currently accredited coach is covered for private coaching under the Coaches Insurance policy.

The Member Protection Policy applies to Member Organisations, Affiliates and Members (including athletes, coaches, referees, employees, volunteers and support personnel). Any breach of the policy including the Code of Behaviour may result in disciplinary action, including de-registration from the NCAS.

If the dispute is related to the outcome of an assessment task, the participant may be permitted to be re-assessed according to the units that they were deemed incompetent.

An independent assessor must undertake this re-assessment, at a time suitable to both parties. This process must be completed within 6 months of the appeal being lodged by the participant.

No further appeals will be considered

2.4 Number of Participants

All participants must have a personal fitness level that will enable them to perform their normal coaching duties and where required to demonstrate skills at a slow pace. Demonstrations are not compulsory and they are performed at the individual participant's discretion.

2.6 Attendance Requirements

Participants must be assessed as competent in order to be eligible for accreditation. While the programs are offered at a time that considers the needs of the participants some coaches may need to attend two or more programs to complete each of the program units. In this case coaches will only pay the fee for one program.

If the coach undertakes part of the program in one State/Territory and is required to complete the remaining units in a different State/Territory, they will only be required to pay one program fee. A letter from the initial State/Territory Member Organisation must be forwarded to the secondary State/Territory Member Organisation for confirmation.

2.7 Recognition of Prior Learning (RPL) & Recognition of Current Competencies (RCC)

(a) What is RPL & RCC?

RPL is based on the awareness that people learn and develop competencies in many different ways throughout their lifetime – through work experience and life experience as well as through education and training. RPL takes into account a person's skills and experiences, no matter where these were learnt, to enable people to gain credit in a training program of study. RCC is the recognition of other training received to demonstrate the competencies being met.

(b) RPL Principles

Squash Australia (SQA) only recognises past education and experiences from our coaches in exceptional circumstances. We always promote and encourage SA coaches to continue their own individual coach development to stay up to date with the latest in coaching theories, strategies and best practice. SQA will also promote a fair and consistent coach education system that allows an equal opportunity for all coaches development within the SQA system.

To achieve these goals, SQA is willing to Recognise Prior Learning (RPL) of any past coaching course completed by a coach in the SQA coaching system. If a coach is wishing to further their coach development, then they will need to complete the lower levels of the current currency coach education courses to gain a sound understanding of the content that is built upon in higher coach education courses. In recognition of previous courses completed by coaches, SQA will provide the previous completed level of courses free of charge to allow the coach to support coaches in gaining a higher level of coach education.

A key part of this is only recognising fully only current currency qualifications e.g. the World Squash Federation (WSF) accredited courses in other countries, as the WSF content also underpins the Squash Australia coach education system.

Qualifications from other national are not necessarily recognised and where they are not underpinned by WSF material then they are not deemed current currency and the individuals will be required to back complete the current currency SQA materials. Costs will be waived for members.

The process of RPL must be quality controlled and delivered by personnel with experience in coach education. These personnel are responsible for ensuring that:

- Procedures are fair and equitable
- Measures are valid and reliable

(c) How can learning be recognised?

Each training program contains a set of learning outcomes and associated performance criteria that must be achieved before a participant will be deemed competent. In broad terms, the process of RPL involves matching what participants already know and can currently do with the learning outcomes of the module/unit.

In this way, RPL enables participants to focus on developing skills and knowledge in new areas, rather than re-learning what they already know and can do.

(d) Who can apply?

A person can apply for RPL if they think their prior learning and experience mean they can provide evidence to show that they are already competent in the learning outcomes of the relevant training program.

(e) Benefits of RPL

- Speeds up the process of becoming a qualified Squash coach.
- Conforms to the requirements for equity in adult education programs.
- Avoids the problem of participants having to unnecessarily repeat learning experiences.
- Encourages the development of various assessment procedures.

- Assesses the candidate's current competence in comparison to the stated standards of competence required.
- The RPL process can clarify what relevant skills the participant does and does not possess – so that the learning program can be tailored accordingly.

(f) How do you show evidence of competencies gained via prior learning?

There are many ways that a person can show evidence of their current competencies. RPL can only be granted on current evidence, that is, work that has been completed within the last four years and competencies that they are currently able to demonstrate. Following are a few examples of the ways evidence can be provided. The person will need to include a variety of these in their application form.

(g) Education and Training

- Formal, accredited and informal training
- Copies of certificates, qualifications achieved from other training programs, school or tertiary results.
- Statements outlining training programs and/or study that they have undertaken and the learning outcomes/competencies achieved from these.

(h) Coaching Related Experience

- Resume of coaching experience and positions held, which may include reports from people within the sport.
- Copies of any statements, references or articles about the coach's employment or community involvement.
- Relevant coaching samples, e.g., copies of training programs, videos of coaching tools, which the coach has developed and implemented.
- Reports on opportunities undertaken, which could include evaluations from training programs conducted.

(i) Life Experience

- Overview of sport and recreation involvement.
- Relevant work or other experiences.
- Evidence of home/self-directed study which may include a list of recent readings, synopsis of seminars attended, reports of research or analysis undertaken.

The above are only examples. The person should provide all the documentation that they can which clearly shows evidence of the competencies they hold. They may also be required to demonstrate their expertise by written or practical demonstration.

(j) RPL Assessment

- The Squash Australia Education Department will act as the RPL assessor for all Squash Australia NCAS programs.

- The RPL assessment can only be carried out when the applicant provides evidence of the relevant competencies that they believe they hold. This is achieved through completing the RPL application form and forwarding this with the required fees to the National Development Manager
- The following sequential process has been established as the procedure to be followed when a person wishes to obtain credit for prior learning or current competencies.

Step 1 – Request

Applicants who consider applying for RPL will contact the Squash Australia Education Department who will provide a brief explanation about the RPL process and advice to the applicant. An RPL application form will then be forwarded to the applicant.

Step 2 –Application

- Applicants will utilise the information contained within the RPL application form to conduct a self-assessment against the training program learning outcomes.
- Applicants will need to consider if and how they have achieved each learning outcome and if they can satisfy the performance criteria by submitting valid, sufficient, authentic and current evidence.
- Applicants will need to gather all relevant supporting documentation and complete the RPL application form with honest, clear, complete and concise information.
- The completed application form with supporting documentation will then be forwarded the Squash Australia Education Department

Step 3 – Assessment

- On receipt of an application, the Squash Australia Education Department will review the application to determine the completeness and relevance of the documentation.
- The Squash Australia Education Department will advise the applicant of any deficiencies that must be rectified or addressed before the application can proceed.
- A judgment must be made about whether the applicant wholly or partially meets the requirements.
- The Squash Australia Education Department will check that the evidence submitted conforms to the following RPL principles:
 - Validity (is the evidence relevant?)
 - Sufficiency (is there enough evidence?)
 - Authenticity (is the evidence a true reflection of the candidate?)
 - Currency (is the evidence recent; was a qualification obtained within the last four years? Can the person demonstrate the required competencies now?)
- In the event of partial completion of the learning outcomes, the Squash Australia Education Department will outline which performance criteria still need to be achieved, and preferably what evidence is still required.
- Options Include:
 - Supply further supporting documentation.
 - Complete certain assessment activities.

- Complete parts of a training program.
- Work with a mentor to obtain the required competencies.
- The Squash Australia Education Department will complete and return assessors' report with recommendations.
- The Squash Australia Education Department may need to meet to discuss issues with the applicant during the assessment process. The meeting could take the form of a teleconference.
- The Squash Australia Education Department will keep records of all RPL applications for seven years.

Step 4 – Notification

- The Squash Australia Education Department will notify the applicant of the decision within two months of receiving the application.
- Successful applicants for RPL will receive confirmation documentation.

Step 5 – Appeal

- The applicant has the right to appeal the decision, if they believe the decision is unfair, unjust or the information has been misinterpreted the evidence.
- All complaints must be submitted formally in writing to the Squash Australia Education Department.
- Appeals regarding the outcome of an application or assessment must be received within 14 days of receiving notification of the application or assessment.
- Complaints will be considered by a Dispute Resolution Panel consisting of three members, appointed by Squash Australia as required. The dispute will be considered and notification provided within 30 days of receipt of the complaint.
- If the dispute is related to the outcome of an assessment task, the participant may be permitted to be re-assessed according to the units that they were deemed incompetent.
- An independent assessor must undertake this re-assessment, at a time suitable to both parties.
- This process must be completed within 6 months of the appeal being lodged by the participant.
- No further appeals will be considered
- The decision of the RPL review assessment panel will be final.

Units eligible for RPL

- Participants are able to apply for Recognition of Prior Learning (RPL). RPL will be granted when all the stated learning outcomes and performance criteria have been met.
- Participants who are seeking RPL must supply, in writing, evidence of completed tertiary studies (including transcripts of units), and/or evidence of coaching/playing experience, according to the competencies of the units for which they are seeking RPL.
- The participant may also be required to demonstrate their expertise in a particular area by written or practical demonstration. No credit will be given unless competence in that area can be demonstrated.
- If coaches have completed the ASC Community Coaching General Principles Course, or if they hold a degree in Human Movement, Sports Coaching or Physical Education (secondary), or they hold a Certificate IV in Sports Coaching, they may be granted exemption from some units.

- All remaining units will be required to be successfully completed before accreditation can be granted
