Introducing.....

Weighing in at 3lbs 15 ounces on November 29,1997 a beautiful bouncing boy came to the world to the parents of Shameka Godbolt and Antonio Bell that they named Keshاون Demare Bell in Lynwood, Ca. Keshاون was given 3 weeks to live but because God's Favor he went on to live 24 years past what a "Doctor" said. Being diagnosed with severe Epilepsy at the age of 1 and clinically disable by age 3 did not stop Keshاون from anything he wanted to do.

He accepted and received Christ at an early age, attending Watts Powerhouses Church in watts, ca under the Leadership of Rev.Todd Grant.

Receiving formal education in the Los Angels area: Grape Street Elementary(Grade School), Markham Middle School(Junior High) and lastly Eko Multi Purpose Center(Hight School) in Compton, CA.

He enjoyed dancing (even off beat) He loved to be the "Life O The Party", watching and going to movies with his "Forever Date", His Queen(Momma), collecting watches, watching cartoons and you can always find him listening to music on his phone or tablet. Even as he faced many challenges if you knew him he had a strong belief of family and loved hard and his way of letting you know was by the titles he would give you, everyone was "Cuzzo, Auntie, Uncle "etc.

His biggest accomplishment was in 2015, when he graduated from High School making his Mother the happiest woman in this world because they fought tooth and nail with many obstacles determined to be in their way and managed to cross the finish line.

On September 18,2022 God looked out into His garden and decided he needed a rare flower, one like no other and called Keshاون Home.

He is survived by Mother(Shameka Godbolt) Father(Antonio Bell) preceding him in death is Grandmother: Flora Godbolt, Great Grandmother: Lola Mae Fountain
"Whoopthee"

Grandfather: Samuel Godbolt Jr. and Donald Gholston Sr., Uncle Null Fountain Jr(bud) and Auntie Stephanie Gholston

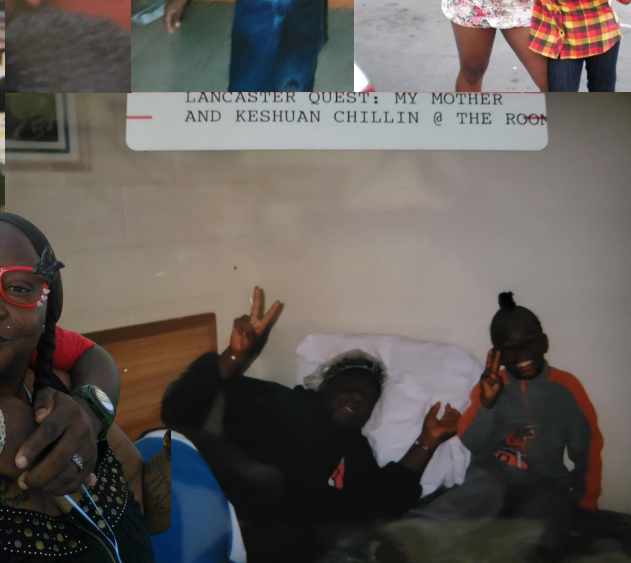

Leaving Behind: God Mother Lisa Martin God sis: Felicia Martin

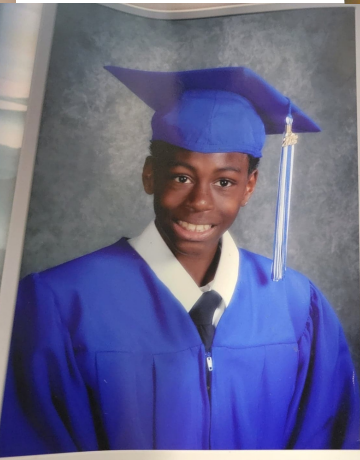

Special "Bros" Jimmy Holmes, Clinton Wesley, Josh Grant, Maurice James

A Host of Aunts(T.T'S), Uncle,Cousins and "Bonus Family" that will truly miss him Dearly

LANCASTER QUEST; MY MOTHER AND KESHUAN CHILLIN @ THE ROOM

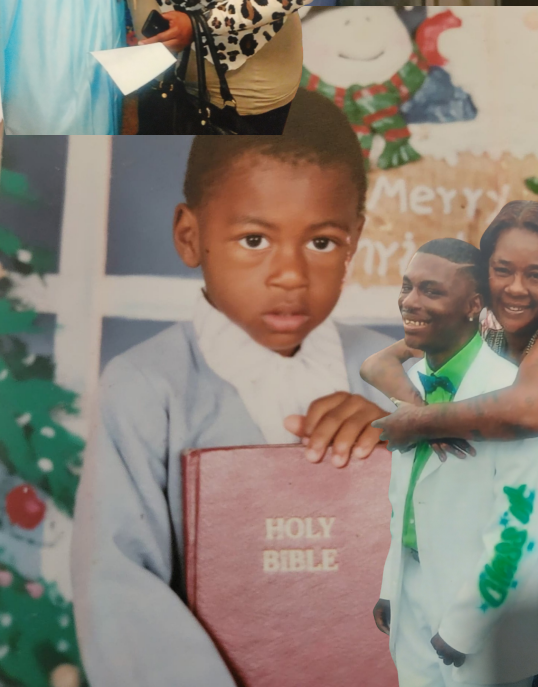

On My Way

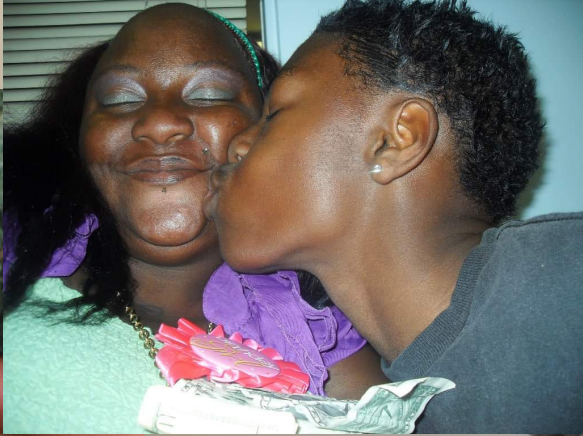

*I will climb the highest peaks
and find a way through the
deepest valleys as I follow my
heart in pursuing its dreams.*

*I will hold the sunlight and
welcome the rain as my garden
of knowledge prospers in its
quest to benefit the world.*

*I will learn from the defeats
as well as the triumphs on my
journey because from this day
forward there are no limits to
what I can achieve.*

To: My King, My Heartbeat, My Son

Words will never be enough to express how truly proud of you that I am...At 3 weeks old I was told you wouldn't make it and you were clinically retarded you were even declared a mute so just give up on you and yet here you are, 24 and a half years later, surpassing all the doubts of Doctors and others, shutting down all the naysayers, became a High School graduate giving them no choice but to give you a standing ovation. I told you long as you keep God 1st no dream will never be out your reach. I thank God 4 CHOOSING ME as your Mother. I adore you, I support you, every time I thought I was teaching and strengthening you you was TEACHING AND STRENGTHENING ME...This is not a goodbye but a see you later. Attached to my heart forever. I love you Son

With Love, Mom

Fly High God gained another Angel

Auntie Cathy

Days have gone & nights have followed wishing this was all a dream but then reality struck...Finally I get the "little Brother" I wanted and as easy as God blessed me with u somehow He needed u back. Heaven is such a beautiful place somewhere everyone will accept u and all your flaws will be washed away. A place beautiful for a person like you Bro. This cruel world didn't deserve u but we all are grateful to have had u in our lives. You were the best Son, Brother, Nephew, Uncle and Friend. No one can ever take that away from u. Memories with u will unfold from time to time but I know that I will be stronger than ever 4 Mom. Love u Bro-Bro see you soon

Love Big Sis Felicia

Kind hearted

Exceptional young man

Servant of the Lord

Hilarious and Humorous

Amazing

Unique Rare and Unforgettable

Never a dull moment when hes around

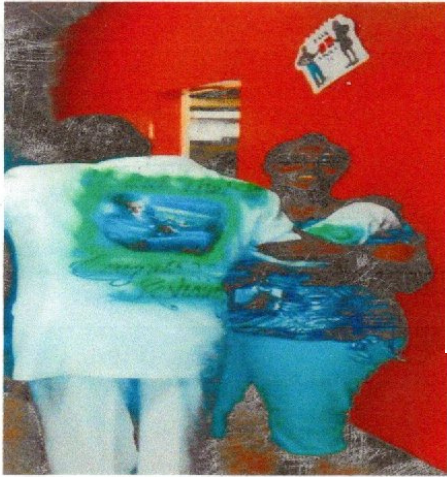

Keshaun was all of the above but most importantly he was my nephew .

Had I known that our last phone call would be our last I would have told you I loved a few more times

Had I known I would've captured your beautiful smile one last time. If I could turn back the hands of time, I would pause the moment u said "Woothang, I love u so much." But I wont be selfish and hog u a to myself. God needed a new helper, so He chose u. I wont say goodbye but see u on the other side.

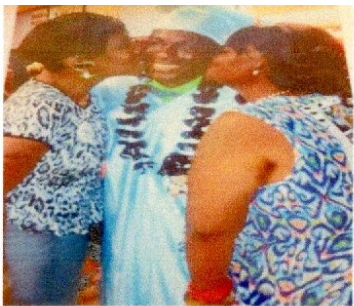

Until we meet again. I love u Woothang

Great Auntie Nette

We watched u grow from a boy 2 a young man. Only God knows we wish u were here 2 live out all your days. But God had a better plan. You use 2 ask for money 2 buy snacks then over time ask 4 money 4 haircuts etc., I seen the maturity in you. Son u cared for everything and everyone around u no matter the color age shape or size. If someone ever had doubts anyone loving them you've always been there 2 make the whole world know u love and care no matter what. I'm going to miss those calls and home visits. I'm going to miss that sweet smile and that humble voice of yours. I love u Godson. Thank u for allowing me to be the best Godmom I could be and thank u for being the best Son ever. I love u and I'll see you soon

Love Godmom Lisa

My Great Nephew

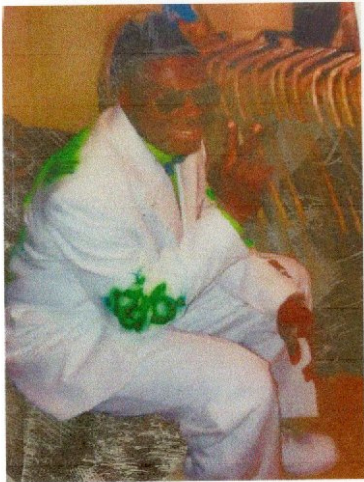

I will miss you calling me & just taking your Grandfather's place with your random calls, you always wanted to know what I was doing and what I'm cooking. Two peas in a pod. I pray your souls are resting in peace together. No more seizures and definitely NO MORE BULLIES!! Rest well and I love you

Great Auntie Synthia

God this is so hard 4 me I normally shy away from pretty much everything that Im uncomfortable with but I will not let this day go by without telling u Keshawn I miss you. If you knew him you know his love and how he loved unconditionally and he didn't have to say it, he SHOWED IT in his calls. We all shared him and we knew we was loved!! It drives me crazy Lord..I don't know why we have to keep getting reminded ourselves that God shares His Angels and when he calls them home there's nothing can be done. I love u Man. Enjoy your new beginnings and kiss your Cousin Domo let her know how much I love and miss her down here

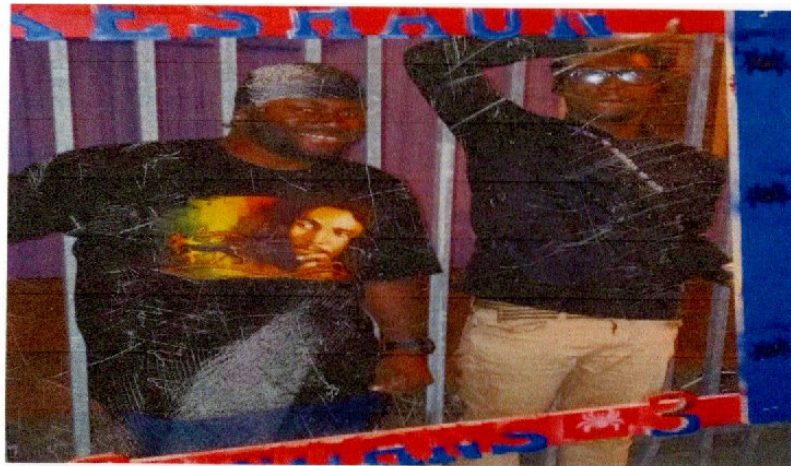

Love T.T. Donna

The words just wont come I keep trying 2 figure out what I want 2 say and my heart stops and I start 2 think of u, I never thought I would be writing this kind of memorandum to eulogize u nephew u gave me the greatest gift any man has ever given me and for that I love u and will miss u dearly and I knew u loved me with your whole heart. I hope you know I loved you with mines.

May you rest in peace and continue 2 watch over us.

Love u always T.T Lisa

Rest in Peace my Dawg...Man we going to miss u fr(fa real) fly with the Angels

Uncle Trayvon

I never Thought in a million years I would be doing this but as the saying goes God work in mysterious ways. I just wish I had one more day, min, sec, with you to see that smile and hear you say "TT let me see your watch", and someway it end up yours LOL. Well I'm not going to hold you.
