**TODAY**

My body no longer tired, no longer sore.

Today is the day I suffer no more.

Do not worry for me, today worrying ends.

I live through love of family and love of friends.

So hold in your heart this memory of mine.

The rain will pass and the sun will shine.

For this life that we live will surely fade,

With problems we've faced and plans that we've made.

And when the gates of Heaven call,

Keep in mind; love survives us all.
