## Bio

Shaman Zo, a revered teacher, author, and speaker with a profound expertise in Reiki, sacred geometry, and Shamanic Practices, has dedicated 30 years of his life to his own personal development. For the past 12 years, he has been a guide to many individuals on their paths to spiritual, mental, emotional, and physical clarity. His journey into the realms of healing and self-discovery began early in life. Born and raised in Canada, Zo faced a significant life transition when he moved to the United States at age 14, a move that coincided with the onset of personal struggles with alcoholism and pill addiction. However, Zo transformed these challenges into a source of strength, embarking on a path that would lead him to become a Reiki Master, a specialist in sacred geometry, and a seasoned shamanic practitioner. Zo's purpose extends beyond his personal journey; he is deeply committed to helping others release their personal blocks and navigate their own transformations. Through his work as a teacher, his writings, and his engaging public speeches, he shares his wealth of knowledge and experiences to assist others in achieving a state of complete well-being. Beyond his professional endeavors, Zo is a family man who cherishes time spent with his children, snowboarding and meditation.
