

# JUSTIN ASHURST

Entrepreneur, Business Owner, Advisor & Speaker

📍 Nottingham, UK

## SUMMARY

A serial entrepreneur, technologist and innovator, Justin is an expert authority on technology trends, product development and online marketing.

He has worked the world over during the last 20 years, starting and running various internet and technology businesses and can often be found giving seminars on tech trends, online marketing strategies, growth hacking and how he grew his business from zero to £7.5million in just 200 pitches.

Justin is the co-founder and COO of AppInstitute, a leading B2B SaaS platform enabling small and medium sized businesses to create and manage mobile apps without any coding or tech skills.

AppInstitute were recognised as one of the top 50 Creative Companies in England by Creative England and have been featured in leading tech blogs and publications such as Mashable, Forbes, The Next Web, Tech Radar, ZDNet and Android Authority.
