Life Reflections

Virgie Dodd was born on April 7, 1948 to George and Virgie Sewell. She was a beloved daughter, sister, wife, mother, grandmother, aunt, cousin, mother-in-law and all around one of the sweetest, most caring people who ever lived. She was the woman with 9 lives. She survived leukemia at the age of 4, getting hit by a car around that time period, fell down a mountain, and was in a couple fires, one of which she lost her oldest child and only son David. She was able to get her oldest daughter, Becky, out of the fire, saving her life. She was burned severely and during her recovery, she would go to the night clubs and dance, where she met the love of her life, Kenneth Dodd. She would run the sound board while Ken played bass guitar and sang. She then got pregnant with her youngest daughter, Glenda. 11 months after her birth, Ken and Virgie were married on the steps of her momma and daddy's house. She worked many jobs beginning in the sewing factory, to airport security, a dispatcher for Sears Automotive and after retiring there, she went on to becoming a beloved lunch lady for Charleston County School System. She supported her daughters in every endeavor and was at the hospital for every birth of every grandchild. She loved her son-in-laws greatly and bragged about them often. She loved her family fiercely, defended them often, and had no problem correcting them when she felt they were wrong. She would never let Ken do anything by himself, including in death as she followed him to Heaven less than 6 months after he took his last breath. We believe they were all waiting for her with open arms.

A Poem for Virgie

As tears roll down my face, I know you're in a better place.
 I close my eyes to see your face, suddenly I feel a warm embrace.
 With a smile so wide, it brings tears to eyes.
 I try so hard not to cry; all of my pain I cannot hide.
 You always knew just what to say to anyone having a bad day.
 I don't know if I will ever understand, but it must be apart of God's plan.
 As I look up toward the blue sky,
 I imagine you spreading your wings to fly.
 Be sure to give your family a sign so that we know you are in
 Heaven and everything is fine.
 Tell everyone there I send my love to all of the angels up above.
 As the tears roll down my face, I know you are in a better place
 You are already missed
