*Big Sis Until We Meet Again
Presented and written by Crystal Stine*

*Those fond memories of you and will always bring a smile,
If only we could have you back for just a little while.*

*Big Sis I remember when you were always in the groove,
I know they one thing that you were remember me for,
And that was my dance moves.*

*Then we can sit down and talk again like we use to do,
You will always mean so much to us, and always will too.*

*You were more than just a sister, you were a loving wife,
A loving mother, grandmother, and a friend.*

*The fact that you are no longer here, you will never be out sight,
God has now called you home and into his light.*

*When the cloud disappear, and the sun reappears,
Just know nephew that your mom will always and forever will be near.*

*I will remember you each day that I live,
You were such a good person with so much to give,
I hope that you are happy wherever you are,
I have you in my heart no matter how far.*

*I will keep with me the good times that we shared,
I wanted you to know how much that we really cared.*

*Such a privilege to have known you no one can deny,
Till we meet again, and on god we must rely,*

*We will always love you and miss you
And for now we must say, Goodbye.*
