ALL Parents Donations Needed

Upper grade students are teaming with lower grade students to put together bags for the homeless. We need donation such as bags, deodorant, bar soap, socks, toothbrushes, toothpaste, blankets, brushes, ETC... There are many homeless children as well throughout Charlotte County. Anything will be helpful and greatly appreciated. A bin will be provided for drop-off in the Principals office. Thank you for your help.

Boxtop Competition

Our school participates in boxtops for education. You can clip these off of certain brands of food; list attached. Boxtops help supply the school with extra funds for the classroom. Our first contest has officially begun. The class that can collect the most boxtops will win an icecream party.

Signature Required for Application Processing:

I understand that a drug test is part of the application process. This will be conducted at no charge to me as part of initial application or renewal. However, a \$10 fee is required for replacement of a lost card, which will also include a re-test. If I am under the age of 18, I understand a parent or guardian signature is required and a parent/guardian has the right to request my results. If the test indicates alcohol, tobacco or drugs, my application will not be processed for membership, nor will it be retained in any records. However, a D-Fy representative will provide me with options to re-apply. If I successfully pass the drug screening, my application will be processed to finalize my membership.

Holding an active membership in Drug-Free Youth (D-Fy) signifies that I have validated my commitment to being alcohol, tobacco and drug free through a drug test. Annual renewal is required and I may also be subject to random testing throughout my membership. I understand my membership will be voided if I refuse requests for future drug tests; participate in drug, alcohol or tobacco use; or any unlawful activities.

Introducing MAP Growth

September 7, 2018

Dear Parent,

During the week of **September 10th – September 14th**, your child will take a MAP[®] Growth[™] test from NWEA[®] on a computer or tablet. We give students MAP Growth tests to determine their instructional level and to measure academic growth throughout the school year (and from year to year) in reading, language arts, math, and reading fluency.

MAP Growth tests are unique in that they adapt to your child's level of learning. If your child answers a question correctly, the next question is more challenging. If they answer incorrectly, the next one is easier. This results in a detailed picture of what your child knows and is ready to learn—whether it is on, above, or below their grade level.

Since MAP Growth tests provide immediate and accurate information about your child's learning, it's easy for teachers to identify students with similar scores that are generally ready for instruction in similar skills and topics, and then plan instruction accordingly.

MAP Growth reports also provide typical growth data for students who are in the same grade, subject, and have the same starting performance level. Each school year, students in third grade take the tests in reading, language arts, math, and reading fluency, and fourth through tenth grade take the tests in reading, language arts and math. Following each testing period, you will receive a report showing your child's growth, which you can review with your child's teacher for more insight.

We are truly excited to focus on your child's individual growth and achievement. For more information about the MAP Growth test, visit: [NWEA.org/Parent-Toolkit](https://www.nwea.org/Parent-Toolkit).

Sincerely,

Theresa Martinez
