

August 21, 2020

Dear Parents,

We have had a great week! In worship, we have been reading the book *What We Believe* by Seth Pierce. He discusses all of our beliefs in a relatable and, sometimes humorous, way. It's a great way to explore our beliefs. In Bible, we are exploring the War In Heaven and how sin came into our world.

Moms and Dads, we are having a bit of trouble with shorts. Our ladies are wearing shorts that are too, well...short. We understand that shorts are hard to find for girls, but our policy states that they are to be close their knees. You can read our policy on the back of this newsletter. I have spoken to the kids and have given an example. We want the ladies to climb and jump and play. With these shorts their unmentionables are no longer a secret. (Get my drift) If you have any questions, don't hesitate to ask. Thanks for your help with this.

We are starting Taco Inn Burrito orders on the 9th of September. I am struggling to find something to replace hot dogs, but I'm still working on it. I will be contacting 8th grade soon to set up a zoom meeting to discuss pizza.

Parents, we just want to again thank you for supporting our efforts to keep everyone germ free! The kids are taking it seriously. Thank you to those who are continuing to look for Microban!!! I have not found any in the stores. We treat the desks every night. We feel it's important to have school in person to optimize your child's learning experience. We can only do that if we work together. So, thanks again for all your hard work at home.

Important Dates:

Labor Day—September 7-----No School
Project Impact-----September 10

Have a Terrific Weekend!

The Mrs. Simpsons

and Mr. Adams!
