

Up Up and Away

*Today is the beginning of the rest
Of my life, I don't want a rocking chair,
Because there are so many things
To do and that is an age old snare.*

*The world's out there for me to see,
To wander in all directions,
I don't want to miss a thing, like
Friendships and human connections.*

*Don't make life so serious, that
You forget to love and share,
Like what you are doing, and for
What you are doing, take great care.*

*From little things, great things
Grow, It might not seem, so to you,
Just be happy in what you do,
And you'll find out it's true.*

*If things change for me, and I
Must settle for that rocking chair...
I'll just attach helium balloons,
And go rocking through the air.*
