

BLUE MOUNTAIN
SEVENTH-DAY ADVENTIST
ELEMENTARY SCHOOL

September 14, 2018

Vol. 2/Issue 4

Friday, Sunset: 7:18 pm

HOME & SCHOOL PARENT EDUCATION

The Home & School Association is having a parent education program at BME on September 1 at 6:30 pm. More details will come from Mrs. Fuhrmann.

FIELD TRIP

Grades 1-4 have an upcoming field trip to Lake Tobias on Sunday, September 16.

SPORTS FEST

Sports Fest is Sunday, September 16. Parents please remember to return your permission slips either electronically or with your child on Sunday. Thanks.

BREAKFAST PLEASE!

Parents, please make sure your child eats breakfast before they come to school. Some of our students are complaining that they are hungry because they did not have time to eat breakfast. This interrupts the flow of instruction when the teacher has to address this issue. Students cannot function optimally if they are hungry. Thank you for addressing this matter.

FACTS SIGN-UP

Parents, thank you for setting up your FACTS account in a timely manner. Remember, FACTS will deduct your tuition on the 25th of each month.

PIANO LESSONS

Parents, if you are interested in private piano lessons for your student(s), please contact Mrs. Trina Murphy as soon as possible to make arrangements. She has already begun giving lessons to some students here at BME.

ITBS TESTING

ITBS testing will be the week of September 24-28.

EDUCATION SPOTLIGHT

Grades 1-4: As we wrap up our focus on the Creation Week in Bible class, we are amazed and thankful for this wonderful home (Earth) God has given us. For math, the students have been taking computation quizzes (adding,

subtracting, and/or multiplying). In Social Studies, we have transitioned to basic map skills, which is very timely because we have just learned from the conference that this year's Geography Bee (in March) will again focus on US Geography, so everything your child studied last year if they were in my room is material that will be covered again this year! You can encourage your child to study the States' capitals, shapes, locations, the major mountain ranges, etc., along with basic map skills (compass rose, longitude, latitude, etc.). Have a great weekend! **Mr. White**

Grades 5-8: Ms. Gravatt

We have been studying God's gift of Salvation for those who choose to accept. We have discovered ways God has preserved His written word down through the ages. We have seen how the invention of the Guttenberg Press helped spread God's word, the Bible, in the language of the common person. We wanted to do our archeological dig this week, but we were rained out. We did not want to take mud into the school. One of the highlights of the week was our creative writing stories. They could hardly wait to share them with their classmates. They each had a picture to stimulate their thinking. Our next step is typing and editing, adding some illustrations, and then we will be submitting them for publication. We will see where it goes. I am so proud of the work they are doing! Our topic for the Geography Bee is North and South America (*excluding the U.S.*) and including the Caribbean Islands. We have a new Pathways book, *Days of Terror*. The setting is 1917 and the-year-old Peter Neufeld and his family are Mennonites who are living among the Russians in the troubled time of the Revolution...**Ms. Gravatt**

HOT LUNCH

The price of the tickets are **\$4/each** for 1-2 tickets and **\$3.75/each** for 3+ tickets. Please send in the money for the tickets on Monday. Students will **not** be able to purchase hot lunch unless they purchase tickets. Thanks for your cooperation.
