

## Christians Against Poverty – Prayer Diary

CAP is, like many of us, going through severe financial restrictions at this difficult time. Donations over the last year have failed to meet their planned expectations, and a full review of operations for the next 5 years, including staffing, is underway. Please pray that CAP is able to continue to provide support to those in need, and that the review process does not create significant hardship for those staff members affected.

Please pray for our CAP Life Skills team, as they prepare to deliver the first course to be held at Holy Trinity. This was due to start on 16 January 2023, but due to lack of participants the decision was made to delay the course until 2 February. Pray that those in need are identified by our referral partners and can attend on this revised start date.

Throughout 2023, CAP is committed to continually strive for transformed lives, thriving churches and an end to UK poverty. Every day we support people like Amanda as they discover a future that's more hope-filled. Please pray today for this work, and lift up all our volunteers and staff across the UK.

Please join us in praying that 2023 will see many more transformed lives, including people becoming debt free, finding new ways to manage their money, and discovering the joy of a relationship with Jesus.

A thriving church isn't about size or wealth – it's about Christians putting God's love into action in their community. Let's pray for the UK Church to thrive in 2023.

This year, CAP will continue to campaign for changes to government and industry policies that impact the people we serve. Please join us in praying for the ongoing journey towards an end to UK poverty. May God be in the driving seat.

CAP continues to grow in numbers of volunteers and staff, meaning we can help more people. Please pray for those who have joined CAP recently as they find their rhythm in a new role and place of work.

As the need for CAP's services continues to grow, so does our need to bring in new staff, volunteers and supporters. Let's pray that God would speak to people with a heart to see lives changed and poverty eradicated, so that they might be encouraged to join us on this journey.

Father, we pray for Christians Against Poverty today. For every church, client, supporter, volunteer and staff member who shares the vision to see transformed lives, thriving churches and an end to UK poverty. Help us stay united in our mission, strong in our faith, and focused on the world we want to see. Amen.
