# Tributes to a legend

Before you were given to the sky. If God could grant me one last wish, I'd ask to say "Goodbye". You always meant a lot to me. I could never love you less, I know it's true when they say, "He only takes the best". I love you Forever, Your sister Daycia

A Thousand words won't bring you back; I know because I've tried. Neither will a Thousand tears; I know because I've cried. Your memory is my keepsake with which we'll never part. God has you in his keeping, I have you in my heart. More than cousins you was my brother. Kamika

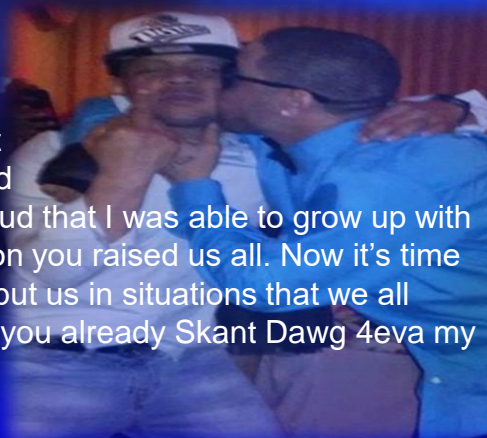

Broken Chain

We little knew the day that God was going to call your name. In life we loved you dearly, In death we do the same. It broke our hearts to lose you But you didn't go alone. For part of us went with you The day God called you home. You left us peaceful memories. Your love is still our guide, And though we cannot see you You are always at our side. Our family chain is broken And nothing seems the same, But as God calls us one by one The chain will link again. Terrence

We little knew that morning God was to call your name. In life we loved you dearly, in death we do the same. It broke our hearts to lose you, You did not go alone. The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures: he leadeth me beside the still waters. He restoreth my soul: he leadeth me in the paths of righteousness for his name's sake.

For My Dad In Heaven  
They say there is a reason they say time will heal, Neither time or reason will change the way I feel. Gone are the days we used to share, But in my heart you are always there. The gates of memories will never close, I miss you more than anybody knows. Love and miss you every day Till we meet again always and forever, Love you, DAD Rahsan, Rah'Niya, and Rihanna

Bruh Bruh The day that God called your name, It broke my heart in two, But Heaven needed an Angel, And the one he picked was you, I just wish he could have waited, And let you stay with me, But you have left memories in my heart, And that's where they'll always be, I just wish I could rewind the clock, Or make it turn real slow, I could have hugged you one more time Before you had to go No matter how much time will pass, I'll miss you every day, Keep shining bright in Heaven So you can light my way Love your Sis Taaj

Son, I thought of you today but that is nothing new. I thought about you yesterday and days before that too. I think of you in silence, I often speak your name. All I have are memories, and your picture in A-frame. Your memory is a keepsake from which I never part. God has you in his arms I have you in my heart. Love and miss you every day till we meet again, Ma

Dad u the one I always came to when I had any issue, you the one that I have all my trust in, just for you to go. I can't believe it but I'm a stay strong for you and do the best in life. We had our good moments and our bad moments. Together we did fun things, we talked about stuff and just for you to leave it's sad. we gonna stay strong for you and I will try my best in life. I will never give up. I will try my hardest, so you can look down at me and be surprised I will always work my hardest. I will always try my best and I will always keep your name alive, the times we had laughing, talking, having fun playing with each other, and working. It was very sad that you had to leave at this time in moment. It feels different and weird without you. If I could share my last words and visual one more time, I would've but for a reason, you were struggling here, and now you can live your best life up there. I wouldn't be this strong without you, I won't be the person I am without you. I will never forget you. I Love you. King, Kahsan, Kart'r, Kahmanii, Kahliyah

Big head you know I love and miss you. I just talked to you on my Bday. Ever time you called you like Sis baby You need to get on your brand and we need to do these container homes. I'm telling you sis, I'm like ok bro you figure out the land down there and the price for us to do the first one and I got it. Just like I said I got that just know I got the family now that you gone. Big little sis now. Don't worry about Kendall and Mom Dukes I got them forever. You free now Baby no more pain. He is Free, Don't grieve for him, for now he's free, He following paths God made for him, He took his hand He heard him call, Then turned, and bid farewell to all, He could not stay another day To laugh, to love, to sing, to dance or play, Tasks left undone must stay that way, He found his peace, at close of play, And if his parting left a void, Then fill it with Remembered joy, A friendship shared, a laugh, a kiss, Ah yes, these things he too will miss. Be not burdened, deep with sorrow he wish you sunshine of tomorrow His life's been full he savoured much Good friends, good times A loved one's touch Perhaps his time seemed all too brief Don't lengthen it now with grief, Lift up your hearts and share with him, God wants him now... He set him free. Love Lil Sis Safia
