Our Mission Statement

The Filipino-American Capital Seventh-day Adventist Church exists to GO WITH JESUS IN MAKING DISCIPLES OF ALL AGES.

Pastor's Note

A WHOLE HEALTHY MINISTERING BODY

This year this bulletin space will be filled with materials drawn from a book written by Elmer Towns, Dean Emeritus of the School of Religion and Theological Seminary at Liberty University in Lynchburg, VA. It is entitled "I Am Jesus: Let's Change the World."

"He makes the whole body fit together perfectly. As each part does its own special work, it helps the other parts grow, so that the whole body is healthy and growing and full of love." (Ephesians 4:16, NLT)

I live in you and all other members of your local church so that My body is healthy, growing and possesses the divine attributes of love. Look at the phrase "helps the other parts grow." Have you ever thought that your growth in ministry will help others in your church grow? Sometimes you will have a direct ministry to them, such as teaching, counseling, or actually serving them. At other times you will work alongside them so they are motivated by your example. At other times, you may not touch their lives directly; they may not even know you; but as you make the body stronger, they benefit. When the water level is raised in a lake, all the boats on the lake go up. Ask God to make your ministry helpful to others.

You serve in ministry because you are motivated by your spiritual gifts (abilities). These gifts make you effective in ministry. But also My love will move you to action. Then there are many other motivations for serving Me. Remember, serving is not the main thing, nor are results the main motivation. It is your relationship with Me. You minister because "I am in you, and you are in Me" (John 14:20, ELT). When you strengthen your relationship with Me, your ministry will grow and be strengthened.

Personal Prayer: *Lord, I will serve others because of You. Use my ministry to help others serve You better. Amen.*

KEY THOUGHT: Jesus wants all in His body to serve as best as possible so they will grow peacefully and the body will grow completely.
