Midland MUSINGS

Students in Mr. Borne’s 7th & 8th grade science class experienced the thrill and nervousness of putting their designs to the test! Each student built a toothpick bridge structure and then Mr. Borne hung weights on each bridge to test its durability. The two best built bridges each held a 20 pound weight! Are you building on a firm foundation every day, so that you can stand the test? “Developing passionate followers of Christ who love God and serve people.” Follow us on Facebook!
