Message from Darlene Brown:

I am writing in regards to Mom (Geraldine Mason). As you are probably aware, we won't be able to have a big celebration for her 100th birthday because of covid 19. I was hoping things would be back to normal by now but unfortunately they're not. We want to do something though. This is a big milestone in her life. Therefore, we are doing a card shower. Could you please contact all of the church members and ask them to send her a card or letter for her birthday. Cards from the children would be great. We will be collecting all of them and presenting them on April 16th, her birthday. I know she would be very excited to hear from everyone. Her address is: Geraldine Mason

Midland MUSINGS

How well do you know your insects? Students in grades K-2 had a visit from the Inspector Insector last week and now they can answer these questions: Where do grasshoppers lay their eggs? How long can cicada eggs stay under ground before they hatch? What happens when tarantulas rub their back legs on their abdomen? Where do bees carry the pollen they collect? If you don't know the answers, just ask a Midland early elementary student. "Developing passionate followers of Christ who love God and serve people." Follow us on Facebook. www.midlandacademy.org
