

Squash Australia Participation Memorandum – General Update Q3 2018

1. Community Engagement Coordinators (CEC)

From the 1st of June, our four new CECs began in their roles. Squash Australia is excited to welcome our new staff to the team:

Queensland/Northern Territory – Amanda Rankin – arankin@squash.org.au

Victoria/Tasmania – Meredith Hodson – mhodson@squash.org.au

South Australia – Lucas Norman – lnorman@squash.org.au

ACT – Leanna Davey – ldavey@squash.org.au

Their initial focus will be on the roll out of SportyHQ and Matrix within their State/Territory, establishing connections with clubs and centres and providing support where possible.

2. Participation Program Updates

Pop Up Squash – The CECs are creating a 2018/19 Pop Up Squash Activation Plan to bring the program to multiple events across the country. The ultimate aim is to involve clubs and centres nearby to engage with their local community and raise Squash's profile within the area.

Play Move Learn – With the opening of the new Carrara facility on the Gold Coast, we are currently looking to hire personnel to coordinate the pilot Play Move Learn program at the centre. We are also currently developing a website for the program.

For complete and available programs, more information is available on the website:

- [OzSquash](#)
- [Pop up Squash](#)
- [Hits n Giggles](#)

3. Sporting Schools Update

The packages for OzSquash have been modified on the Sporting Schools website for Term 3. We have chosen to differentiate between a Basic and Premium Equipment Kit for teachers. The Basic Kit includes paddles and balls whilst the Premium Kit consists of the full kit bag with OzSquash rackets, markers and line marking tape.

The ASC has begun to approve applications from primary schools that meet their criteria of receiving the least number of grants over the past year. The Sporting Schools Term 3 Booking System opens from the 27th of June.
