

CAP Prayer Meeting - 16th October 2022

meet.google.com/eun-bwnd-tmy

- Money course (face to face) booked for beginning of November at DBC
- Please pray for my workload management - no new clients since end of August but the ones we do have are time-consuming, so some important (but less time-pressured) things have been pushed right to the bottom of the to-do list.

Clients

- J&J - due to move but 3-way swap so a little complicated. Trying to reconcile their differences and maintain the relationship.
- A - attending Alpha
- MT - still paying into plan but case is stagnant until M completes the actions required.
- N - Debt free!
- V - awaiting case updates as started full time work.
- MD - waiting for budget and advice. Ideally needs to downsize but resisting - lived in house for 30+ years, mental health issues.
- CR - a couple more bits of information to find before budget and advice can be produced. C suffers with PTSD and has been really struggling recently. 13 year old son not attending school.
- G - attending Alpha and coffee shop. Flat completely unsuitable - pray for a speedy move and G's safety in the meantime, and for a healthy acceptance of physical condition.
- CC - job interview on 14/10. After a real dip in mental health is now feeling more positive
- MS - has mental health diagnosis. Made a huge effort to tidy flat between 1st and 2nd visits! Not finished collecting information so visiting again on 18/10
