

PRAYER TOPICS

WEEK BEGINNING 28th March 2022

Our World seems to be in total disarray. We have Russia trying to invade Ukraine and threatening several other Countries. North Korea testing long range ballistic rockets, troubles in a number of African Countries, the Middle East, China and Taiwan, and then a huge increase in violent crimes in America with almost daily shootings in schools. There is a worldwide increase in fuel prices causing mega inflation. The poor are increasingly suffering, Covid is by no means over yet, and this Country is seeing an increase in mental health problems, especially amongst young people. The emphasis seems to be on self preservation.

MONDAY

Today let us pray specifically for Ukraine and Russia. Pray for all the innocent people who are being affected, for the refugees, the bereaved on both sides, for those who now have nothing. Pray for peace and pray against the evil that is driving this war.

TUESDAY

Pray for peace in the other trouble spots in the World. You can probably think of other places or specific places that I have not mentioned.

WEDNESDAY

Pray today for the Christians in all these Countries. Several Countries are persecuting Christians and trying to prevent the Christian message being spread.

THURSDAY

Pray today for our Government. With a large increase in the number of people having to use Food Banks and Community Fridges etc, pray that they start to look more closely at the social inequalities in the system. Pray that they may be influenced more by the Christians in Parliament, and that the Christian MP's have courage to stand up for what is truth and justice.

FRIDAY

Covid is certainly not under control yet. Pray that common sense will prevail. Pray for our Health Service which is still under pressure and pray for those who have had operations postponed again and again.

SATURDAY

Pray for those who work in the Mental Health Sector. For the counsellors in 4C's who use our premises. Pray for those we know who may be suffering mentally.

SUNDAY

Pray for ourselves. That we will not look only after ourselves but that we would be like the early Christians and meet each others needs. Remember we are Family and when one suffers we all suffer.
