THE LOVING TRIBUTES TO  
**SSGT. LONEL**  
*Dwight*  
**SPRINGS SR.**

A young King went home too soon. Lonel was one of the best people you could know. To know my son was to love him. His death is still a shock and very difficult for me to comprehend. I never thought in a million years that I would be without my oldest son.

I'm asking God to give me strength because a parent should never have to bury a child.

Lonel was my best friend and my partner. Now a part of the chain is broken; however, you will live in my heart, and I will cherish the memories forever.

I will miss Lonel calls daily saying "Hey old man" what are you doing? "Old man, "get up. Most importantly, I will miss him telling me how much he loved me and how special I was to my grandchildren.

One of my fondest memories is when Lonel made breakfast for me before I went to work. It was oatmeal, milk, and orange juice. He would ask me if I liked it. Of course, I told him. I loved it. It was the best meal in the world.

Lonel was always the type of child that would figure out how to solve a problem no matter how hard it was, he would always figure it out. I remember telling Terri, whatever woman gets him she's lucky because he's a keeper.

I want people to know and remember him as an incredible man, a loving father, a supportive husband, an outstanding Marine, and a gentleman.

For all the people that love Lonel, I want you to know that he is no longer in pain and he's looking down at us smiling and laughing like he always did.

Lonel, thank you for being the son that a father always dreamed about having. I will miss and love you. Until we meet again.

-Keith Hines
