Congratulations! You have passed the National Academy of Sports Medicine (NASM) Certified Personal Trainer (CPT) examination and are now a NASM Certified Personal Trainer. You may use the title NASM Certified Personal Trainer (NASM-CPT) while your certification is valid.

You will be able to print a temporary copy of your certificate within 3 business days at [www.nasm.org](http://www.nasm.org). This report does not guarantee certification. An official certificate suitable for framing will be mailed to the address that we have on record for you in approximately 4 to 6 weeks, so please keep us informed of any address changes. Meanwhile, please keep this score report for your records.

Your certification is valid for two (2) years and will expire on the date listed on your certificate. The requirements for recertification are available on the NASM website located at [www.nasm.org/become-a-personal-trainer/recertification](http://www.nasm.org/become-a-personal-trainer/recertification). Earning your CPT is a great accomplishment so it is important that you maintain your certification.
