

The Wheel of Faith

(an Amazing Revival Series)

The wheel of faith is a fresh and amazing study of the claims of the everlasting Gospel that is to be preached in all the world prior to the second coming of Jesus. This presentation differs from most in that it details each progressive step in a

systematic fashion. The Gospel is most often presented in an unclear and confusing manner, often leaving many either unclear of their standing before God, or with a false assurance.

Therefore, the purpose of the wheel of faith, is to illuminate the Gospel plan in a strikingly clear, easy to understand manner, so that we can know the assurances that God has offered us in these most uncertain times.

You will be both amazed and thrilled, as you witness the Gospel message come alive in a manner you have most likely never heard before! You will want to take advantage of this opportunity by choosing to not miss a single presentation. Come for a rich blessing!

Pastor Damon Snead

is Chaplain of the Newstart program at Weimar Institute, and a featured guest of the NEWSTART NOW program featured on 3ABN cable and satellite station.

Eagle SDA Church, 538 W. State St., Eagle, ID
