The Last Ride
by Katherine Armon

*My beautiful creatures, my friends and my love,
such majesty and grace sent from above.*

*You filled all my days with passion and pride.
I longed for the days you allowed me to ride.*

*Your beautiful mane clasped tight in my hands
as we ride over fields to a brave new land.*

*Take me with you, gallant steed of mind,
let us ride on together, 'til the end of time.*

*Stay with me always, never leave my side,
let us travel together, for this, my last ride.*
