**Adventist Giving - Give from anywhere to any church using the service. (Try it you will like it)**

Adventist Giving is a **SECURE** way for anyone to return local offerings, tithe, conference and world funds through the internet to any Seventh-day Adventist of their choosing in North America. The service is operated by the North American Division (NAD).

Follow the instructions below to signup your church.

1. Go to [adventistgiving.org](http://adventistgiving.org).
2. Search for and select your church. A form will be generated with your church name at the top. Verify the address to confirm that it is your church. The caption below the church name will read **“Request That Your Church Sign Up”**.
3. Complete the form and click on **“Send request”** at bottom left of window.

NB: Adventist Giving will communicate with you by email. Be sure to respond to each email until the process is completed. The process is complete when your church is ready to accept contributions online. **Test it to make sure it works.**
