### DIANE'S TIPS .

Clean your microwave with ease by boiling a cup of water in it first. Why? Because the steam from the water condenses on the walls, loosening the caked-on food. This makes it easy to wipe it off. This same trick actually works pretty well in the oven.

If you have a tip to share send it to me at [djknappy.1@juno.com](mailto:djknappy.1@juno.com)

### RECIPE HOTLINE:

**Christ's followers were to look upon Satan as a conquered foe. Upon the cross, Jesus was to gain the victory for them; that victory He desired them to accept as their own, "Behold", He said, " I give unto you power to tread on serpents and scorpions, and over all the power of the enemy: and nothing shall by any means hurt you.**
