# OBITUARY

Skylar LaNae Thomas, our beloved daughter, sister, aunt, cousin, niece, and friend, went to her heavenly home on Monday, March 25, 2024.

Skylar was born in Austin, Texas on February 2, 1993, to Sheldon and Starla (Greer) Thomas and lived most of her life in Elgin, Texas, graduating from Elgin High School in 2012. She loved animals, especially horses and dogs. Her beloved Dachshunds Daisy, Bonnie, Indy, and Sunny brought her endless joy. Like both of her grandmothers, Skylar loved to read, and her personal library included every Diana Palmer book. Skylar loved pins and broaches and had an extensive knife and sword collection. She was rarely seen without a hat and a smile.

Skylar blessed people with her artwork that was thoughtful and creative. She loved to play dominoes and Yahtzee with her family. Skylar adored her nieces and nephews. They made her eyes sparkle! Skylar loved watching Paw Patrol with them, and she also enjoyed watching old Westerns (like her PawPaw and Uncle John), Murder She Wrote and Walker Texas Ranger. She rarely gave up the TV controller! Her happy place was Universal Studios in Florida where she could find hat pins on every corner and lots of Harry Potter memorabilia. After any of her numerous surgeries, a box of Popeye's shrimp was guaranteed to make her smile. Skylar loved Jesus with all her heart and enjoyed working in the Children's Church at Family Worship Center for many years.

Skylar was welcomed into heaven by her grandfather, Reverend Howard Greer, and grandmother, Lella Mae Greer, her grandfather, Reverend TJ Thomas, and her great grandmother, Bethel Lott.

Skylar is survived by her parents, Sheldon and Starla Thomas; brother, Shane Thomas and his wife Laura and their sons Leo (4) and Henry (1); brother, Ricky Hecke and his wife Nayeli and their children Amelia (5) and Joshua (3); sister and best friend, Sheridan Thomas; grandmother, Sue Thomas. Skylar was blessed to have many uncles, aunts, cousins, and friends, and she cherished time spent with them all. She loved her teachers and medical staff, who supported her throughout the years.

We are grateful for the countless precious memories that Skylar gave us. She will be immensely missed by everyone who was lucky enough to know her. Skylar's light now shines on us all from above.

## BEAUTIFUL BLUE SKY

Written by Skylar Thomas

Beautiful mind, a beautiful thought, a beautiful morning, a beautiful night.

When I look out of my window, I see the beautiful blue sky.

When I was holding my picture, when I was just a kid; I told myself I had a wonderful life, wonderful parents, wonderful family and friends that love me.

Beautiful mind, a beautiful thought, a beautiful morning, a beautiful night.

When I look out of my window, I see the beautiful blue sky.

But I know my life is not wonderful or beautiful. To me I wish I was in my childhood with my wonderful animals, wonderful parents, wonderful brother and sister. That is what I wish for.

Beautiful mind, a beautiful thought, a beautiful morning, a beautiful night.

When I look out of my window, I see the beautiful blue sky.

When I was just a kid, my mom told me you will have a wonderful and beautiful life. That's when I remembered.

Beautiful mind, a beautiful thought, a beautiful morning, a beautiful night.

When I look out of my window, I see the beautiful blue sky.

I had it in me the whole time. Wonderful. Beautiful. Blue sky.
