

G4C STUDENT COMPETITION CHECKLIST

Ready to enter your game into the 2020 competition? Complete this checklist to make sure you are ready to start the entry form! Then, follow the 5 steps listed below to enter your game in the competition.

- Get approval and contact details from a teacher/parent/guardian.** You will be asked to provide their name, email, and phone number (only for students <18 yrs old).
- If working in a team of 2-4 people, **choose a Team Leader.** (The Team Leader should complete one entry form and will serve as the main point of contact for the entire team!)
- List each **team members' first name and last initial.**
- Double check that you **list the correct city and theme category.**
- Make your game playable for other users** (have a friend **test your game URL** to make sure the link works!)
 - In Scratch, you must share your game by selecting the orange “Share” button in the top/middle of the screen. This takes you to a new, shareable URL, which you should include in your submission form!
- (Optional) **Identify any additional materials** you want to include in your entry form. For example: a storyboard, art/drawings, notes, etc. (Competition judges will review these materials in addition to playing your game!)
