🌀 Questions to Ponder 🌀

- If, as we have seen again and again in Daniel, the Lord can keep human history under control, what can He do for our individual lives?
- How often do you think about just how closely tied heaven and earth are?

🌀 Closing Thought 🌀

- Overwhelmed with the radiance of divine light, the prophet falls. Then an angel appears to touch him and comfort him. As we read the narrative, notice that the angel touches Daniel three times. The first touch enables the prophet to stand and hear the words of comfort coming from heaven: “Do not fear, Daniel, for from the first day that you set your heart to understand, and to humble yourself before your God, your words were heard; and I have come because of your words” Daniel 10:12. Daniel’s prayer has moved the heavens. For us this comes as an assurance that God hears our prayers, which is a great comfort in times of trouble.

HEALTH NUGGETT

CORONAVIRUS DISEASE 2019 (COVID-19) INFORMATION

STEPS TO PREVENT ILLNESS

There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19).

The best way to prevent illness is to avoid being exposed to this virus.

The virus is thought to spread mainly from person-to-person.

- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs or sneezes.

These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

Older adults and people who have severe underlying chronic medical conditions like heart or lung disease or diabetes seem to be at higher risk for developing more serious complications from COVID-19 illness. Please consult with your health care provider about additional steps you may be able to take to protect yourself.

TAKE STEPS TO PROTECT YOURSELF

Clean your hands often

- **Wash your hands** often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, **use a hand sanitizer that contains at least 60% alcohol**. Cover all surfaces of your hands and rub them together until they feel dry.
- **Avoid touching your eyes, nose, and mouth** with unwashed hands.

Avoid close contact

- Avoid close contact with people who are sick
- Put distance between yourself and other people if COVID-19 is spreading in your community. This is especially important for [people who are at higher risk of getting very sick](#).

TAKE STEPS TO PROTECT OTHERS

Stay home if you are sick

- Stay home if you are sick, except to get medical care. Learn [what to do if you are sick](#)

Cover coughs and sneezes

- **Cover your mouth and nose** with a tissue when you cough or sneeze or use the inside of your elbow.
- **Throw used tissues** in the trash.
- Immediately **wash your hands** with soap and water for at least 20 seconds. If soap and water are not readily available, **clean your hands with a hand sanitizer** that contains at least 60% alcohol.

Wear a facemask if you are sick

- **If you are sick:** You should wear a facemask when you are around other people (e.g., sharing a room or vehicle) and before you enter a healthcare provider's office. If you are not able to wear a facemask (for example, because it causes trouble breathing), then you should do your best to cover your coughs and sneezes, and people who are caring for you should wear a

facemask if they enter your room. [Learn what to do if you are sick.](#)

- **If you are NOT sick:** You do not need to wear a facemask unless you are caring for someone who is sick (and they are not able to wear a facemask). Facemasks may be in short supply and they should be saved for caregivers.

Clean and disinfect

- **Clean AND disinfect [frequently touched surfaces](#) daily.** This includes tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks.
- **If surfaces are dirty, clean them:** Use detergent or soap and water prior to disinfection
- **For more information:** www.cdc.gov/COVID19

KIDS AND TRAUMA

**SNEC Children's Ministry is sponsoring
this seminar for all parents and Children
Ministry Leaders**

April 24-25, 2020

Friday Evening at 6 pm & Sabbath at 9 am
