

The future of accessibility

THE FIRST WAYFINDING SOLUTION FOR ALL TYPES OF DISABILITIES IN PUBLIC AND PRIVATE FACILITIES

Our promise: to guide people with disabilities through complexe places of everyday life, providing them with a **step-by-step guidance** just like a pedestrian GPS.

89%

of people with disabilities use a smartphone in metro

THE SMARTPHONE FOR INCLUSIVE AND UNIVERSAL MOBILITY

EVELITY:

DIGITAL TECHNOLOGY FOR AUTONOMOUS MOBILITY

VISUALLY
DISABLED PEOPLE

HEARING
IMPAIRED PEOPLE

PEOPLE WITH
REDUCED MOBILITY

COGNITIVELY
IMPAIRED PEOPLE

A wayfinding solution created for people with disabilities
that **benefits everyone!**

Increasingly demanding users

PUBLIC AND PRIVATE BUILDINGS OPEN TO PUBLIC MUST BE ACCESSIBLE TO ALL

Think big, go further and offer your users, visitors or employees with disabilities a digital solution dedicated to their mobility and...

- **Secure their movements** within your buildings
- **Limit the stress** of all your visitors and employees
- **Reduce the costs** of making your infrastructures accessible
- Bet on a **discreet and evolutive solution** (no work required)
- And above all, **become a model of accessibility** for all !

A solution adapted to your constraints

A BACKOFFICE TO MANAGE AND ADAPT THE SOLUTION

We **set up** the solution **and manage** its maintenance :

- Creation and modification of the beacon network infrastructure on plan
- Statistics and user monitoring
- Add and modify points of interest
- Implementation disruption informations

We are ready ! How about you ?

WHY BET ON EVELITY TODAY ?

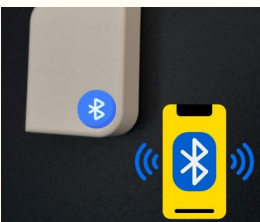

USERS READY FOR DIGITAL

89% of travelers with disabilities use smartphones to simplify their travel.

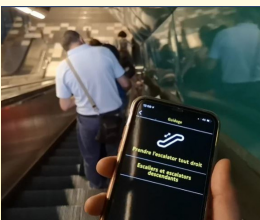

BENEFIT FROM OKEENEA'S EXPERTISE

As a leader in the field of accessibility for 30 years, we are aware of the issues and we know the users with disabilities.

INNOVATIVE TECHNOLOGY

The indoor geolocation allows today a high enough precision for a precise guidance.

USER EXPERIENCE

Digital technology enables the personalization of travel according to each person's disability.

They jumped into the adventure

17 people in Okeenea Digital work to improve accessibility

MANAGING DIRECTOR & CO-FOUNDER

DAMIEN BROSSEAU

"We take a **usage-based approach** and make the most of the latest technologies to turn our ideas into reality!"

COMMERCIAL DIRECTOR

JÉRÉMY PHILIPPON

"For Okeenea, it is the places that must become accessible to all. We advocate that the costs of accessibility should not be imposed on users. These products and services should be free."

Looking forward to discuss with you!
