The logo for the United States Powerlifting Association (USPA) is circular. It features a map of the United States in the center, with the American flag's colors (red, white, and blue) used for the map and the background. The words "United States" are written in a blue arc at the top, and "Powerlifting Association" is written in a blue arc at the bottom. The acronym "USPA" is prominently displayed in red in the center of the map. There are white stars around the perimeter of the circle.
