

No Child Left Indoors Program

At Pacific Whale Foundation, our mission is to protect our oceans through science and advocacy. We believe the next generation is the key to helping carry out this mission. We understand the powerful and lasting effect that a child experiences when connecting with the natural environment. It is our goal to make these influential learning experiences available to children regardless of their financial limitations or restrictions. Thanks to the generous support of our members and donors, we have raised limited funds to support some individual costs through the No Child Left Indoors Scholarship.

Requests for assistance will be considered based on the following:

1. Demonstration of financial need as determined by Title I designation and verification of student receiving free or reduced cost lunch.
2. Previous participation in Ocean Camp programs. *Priority will be given to applicants who have never experienced Ocean Camp before.*
3. Submission of a completed Scholarship Application by the application deadline for the desired Ocean Camp session.

Individual needs may be met by:

1. Providing a full scholarship.
or
2. Subsidizing a percentage of the cost.

Spring Break Ocean Camp scholarship application deadline: Friday, March 10, 2017.

We appreciate your desire to provide educational and meaningful experiences for your child. All requests are kept strictly confidential and will be reviewed and considered by our committee. Allocation will be determined based on available funds as well as number and needs of applicants. For further assistance, please call our Youth Education Specialist at 808-856-8341.

Ocean Camp Scholarship Application for Individual Students

Child Name: _____

Parent Name: _____
