

## Notes to our dad:

Daddy you will forever be in my heart. I can't thank you enough for being the true definition of a FATHER! I'm going to miss you so much. I'm going to miss calling you throughout the day just to say, "I love my dad" & you reply "Desmonique I love you more". I will also miss me getting on your nerves and you saying "moookieee PUHLEASEEEEE". It will be hard, but you raised me to be strong. I have the name Desmonique for a reason. Words can't express my love I will forever have for you. My first love, my protector, my best friend you get your rest daddy your baby girl has it from here. Love Mookie

I wrote this for my dad. I may not have had him for 15 years of my life but the things we did in the past months were some of the best times I ever had with him. Even the time I showed him how to eat a wing properly.

-James Clark Campbell

"This is hard, and I'm lost for words. This caught me by surprise. I will miss the laughs, the hugs, the late-night talks. It's crazy because you're really gone. You won't get to see me drive my first car, graduate high school or become a man. You were the best dad I could ever ask for. I love you; I miss you and I wish you were still here. Words can't explain the amount of pain I'm going through. But everything I do will be for you. Love Junie

I never thought you would leave, but I know you're in heaven with Grandma and Pop Pop. I miss you and love you so, so much, to the moon and back. I will keep your tie and smell your cologne whenever I miss you. I know you are an angel in heaven watching me wherever I go. You are like a light in my heart. Love you, see you later. Love Zoey
