NAMES OF GOD

The Think Tank of the Soul

“Quiet is a think tank of the soul”
God often speaks loudest when we’re the quietest. Seventeenth-century French philosopher Blaise Pascal once observed, *“The sole cause of man’s unhappiness is that he does not know how to stay quietly in his room.”*

That is quite a statement, but it’s not an overstatement. If our problems are hearing problems, then the solution to those problems is a prescription that is as old as the psalms. It’s so critical to our spiritual vitality that it is worth meditating on one word or phrase at a time.

Be

Be still.

Be still. . . .and know.

Be still, and know that I am God.

Silence is anything but passive waiting. It’s proactive listening. The noted author Nouwen believed that silence was an act of war against the competing voices within us. That war is a daily battle. So it is today.
