Health Nugget

A great way to improve your physical activity performance is by increasing your flexibility. The American College of Sports Medicine Guidelines recommends stretching 3-7 days per week. Stretching can make daily movements easier by helping your joints go to through their range of motion. Inactivity causes the body's muscles, tendons, and ligaments to shorten.

Bulletin Information Deadline: Please contact Pat Pielaet by email at pielaetp53@gmail.com by Wednesday afternoon.

Worship Him, Christ the Lord

From the pen of Inspiration

"We are living in the closing scenes of this earth's history. Prophecy is fast fulfilling. The hours of probation are fast passing. We have no time – not a moment – to lose. Let us not be found sleeping on guard. Let no one say in his heart or by his works: "My Lord delayeth His coming." Let the message of Christ's soon return sound forth in earnest words of warning. Let us persuade men and women everywhere to repent and flee from the wrath to come. Let us arouse them to immediate preparation, for we little know what is before us." (Testimonies, vol. 8, pp. 252, 253.)
