PRINCIPAL'S PERSPECTIVE PRESS

Black History Month

Sure, this month of January is almost over, yet the learning at Saipan SDA School continues to bring students closer academically, physically, and spiritually. As February comes into view students will gather more information on not just their heritage, but the African American Awareness which emphasizes Black History. "It is celebrated... in the United States and Canada, while in Ireland, the Netherlands, and the United Kingdom it is observed in October." Many will share with ones who would want to know the victories through the struggles. Carter G. Woodson pressed so hard to bring out the beautiful bouquet of what God has done through the accomplishment of African Americans. The question is, how much research can you find and handwrite of African American History that is seldom recognized; and which one of this year of 2021 has appeared to have been a great impact in your life? Tell of that great impact, your opinion then the facts.

International Celebration

February 1 - 5

Saipan SDA School is so proud of Harper Hazel Loken, a first grader in Mrs. Yates's classroom, who will be awarded \$35 for responding to the question asked in last week's newsletter. Here are a few words she expressed: "Amanda Gorman said, 'we should all join together...finding the light if you are brave'". Likewise, Mika Justine Lizama Camacho, a seventh grader in Mr. Powell's classroom, will be awarded \$35 for her excellent MLA style writing of Amanda. One reflection from her paper states, "The nation might be broken, but it's not too late to make it better... Teamwork makes the dream work after all." The Scripture reminds us of that unity. "I appeal to you, brothers and sisters, in the name of our Lord Jesus Christ, that all of you agree with one another in what you say and that there be no divisions among you, but that you be perfectly united in mind and thought." 1 Corinthians 1:10 To the writer, keep writing. Words are powerful, especially God's Word (All Powerful).
