60 **Methodology for Implementation of Objectives:**

61

62 The Vestry establishes committees and committee chairs/co-chairs. (Each Committee that
63 does not have a Vestry-member chair will have a designated Vestry liaison to facilitate its
64 activities.)

65 - Committee Chairs are recognized as essential members of the Parish leadership team.

66 The Vestry allocates specific responsibilities and authorities to the committees and
67 establishes an overarching implementation timeline. (See this Report, p. 7)

68

69 The Chairs, with the assistance/approval of the Vestry, populate the committees with
70 individuals representative of the Parish who have an interest in the committees'
71 responsibilities and commitment to accomplishing them. (Where appropriate, committees
72 include Friends of All Saints.)

73

74 Committees plan how to execute their respective responsibilities to include milestones
75 (specific things to be accomplished and timing for them) and measures of merit (how they
76 will know significant progress is happening) and report their plans to the Vestry for
77 approval and authorizations as needed.

78

79 Committees execute their plans with the assistance of the Vestry and each other, providing
80 update reports (See Attachment 9), monthly or as otherwise requested by the Vestry, to
81 include whatever requests for assistance or change they need).

82

83 The Parish is provided regular updates on progress, to include an update at a combined
84 worship service quarterly.

85

86 As needed, adjustments to the plans can be made, but the intention is to "stay the course"
87 until the end of the calendar year, when a Parish review is to be accomplished and
88 determinations are made regarding the following year (Beginning of 2021 to include the
89 specific functions for calling a successor rector.)

90

91 Parish Leadership Team being "up front," available to parishioners, mutually supportive
92 and engaged throughout.

93

94 Participants are set-up for success; recognized for it; and, we celebrate successes.

Inspired by Objective: “Create a wide network to welcome social diversity, breadth of thought, past parishioners, and varying levels of participation in our area of influence.” and “Become, as a parish, a high-profile leader in our area that will address issues of importance that will improve peoples’ lives.” And Objective: “Become, as a parish, a high-profile leader in our area that will address issues of importance that will improve peoples’ lives.”

- Take as a touchstone, the song, “They’ll know we are Christians by our love.” (der. John 13:35)
 - Prepare and execute a Parish-wide discussion led by a well-qualified external facilitator to:
 - o Identify parishioner-shared Christian values
 - o Correlate these values to specific, current societal issues
 - o Identify which of these currently have such a consensus that, *as a Parish*, we would be willing to act on them in public in the name of All Saints
 - To the extent that a consensus may not exist regarding the full scope of an issue, consider whether there is a subset of that issue that achieves consensus
 - o Note: It is understood that a Parish-consensus list of actionable values may be considerably narrower than many individuals may want, however it is also understood that:
 - The lack of consensus in no way constrains individual parishioners from acting in their personal capacities
 - And, this is a process that will evolve and will always need to incorporate respect across the broader Parish community
 - Survey Members and Friends to identify organizations in which they are involved.
 - Anticipate potential events that could arise regarding the consensus issues identified by the Parish and *develop* a menu of potential responses that could be employed by the Parish to address the consensus issues in a high-profile, constructive way.
 - o Take into account the nature of the current “24-hour news cycle” where responses occurring later than 24 hours are often without effect
 - o Develop criteria to assess whether information that might precipitate a parish response is sufficiently reliable to act upon it
 - o Coordinate with the Connections Commission in doing this to consider technological tools that may be available
 - *Prepare* the mechanisms that may be required to give effect to the range of foreseen Parish responses
 - Coordinate with potential partners that may be interested in joining the Parish in responding to specific Parish-consensus events/issues and obtain contact information that would permit effective coordination in a short time-frame
 - *Execute* Parish responses to events in the community as circumstances warrant.
- Consider and recommend to the Vestry other ways the Parish might act as a high-profile leader to improve peoples’ lives in our area.

Giving Back Commission (Former “Outreach Committee)

Inspired by Objective: “Become, as a parish, a high-profile leader in our area that will address issues of importance that will improve peoples’ lives.”

Background: for decades All Saints Parish has committed to sharing a tithe of its total income to give to the benefit of non-parishioners in need as an expression of Christ’s love for others. This Commission gives effect to that fiscal outreach intention. It is an important part of addressing issues in our area to improve peoples’ lives.

- Include as members of the Commission the individuals who head up key aspects of annual outreach projects (e.g., Breakfast, Angel Tree, Food Pantry Collections, Heartfelt)
- Invite parishioner ideas about outreach beneficiaries and execution
- Annually develop recommendations to the Vestry of charitable organizations to receive a portion of our tithe and the recommended amounts for each organization (to be considered for part of the Parish Budget)
 - o Include in this recommendation an amount for “Direct Assistance” to provide a fund for assistance to individuals in need
 - o Coordinate with the Treasurer and the Finance Commission during the Vestry budgeting process to determine the projected tithe based on projected total income
 - o In developing the recommendations to the Vestry, consult with the Calvert Arts Festival Committee to determine whether inclusion of certain beneficiaries may help promote the overall success of the Festival.
- Plan and prepare fund-raising activities for outreach purposes to augment other Parish income (in coordination with the Finance and Connections Commissions) (Examples: Outreach Breakfast; Calvert Arts Festival; individual donations for Thanksgiving and Christmas baskets; donations by Parish-affiliated organizations and social groups; grants)
- Plan and prepare opportunities for Members and Friends to participate in charitable activities, such as: Angel Tree; Christmas in April; Food Pantries; Heartfelt, Holiday baskets.
- Plan and prepare to administer direct assistance to individuals, coordinating with the Treasurer, Rector (as to the Discretionary Fund) and outside assistance organizations to avoid waste of resources and to shape individual assistance for maximum benefit.
- Execute the outreach program in coordination with the Treasurer and the Finance Commission.
- In executing the outreach program, identify appropriate opportunities to inform the community of the program to increase outside interest and participation. Coordinate with the Connections Commission to accomplish this.
