

Pre-Supervision Checklist

Things to consider at the beginning of clinical supervision

- Do I have a copy of their CV?
- Have I identified cases that are a fit for their level of experience?
- Do I have an updated supervisory agreement?
- How often and in what ways with they be evaluated?
- Do I have contact info for their other supervisors and training director(s)?
- Have I discussed how the supervisee can provide me with feedback?
- What should the supervisee do in case of client emergency?
- What should the supervisee do in case there are disagreements or concerns about supervision?
- Do I have a regularly scheduled time to meet with them blocked off in my calendar?
- Who will I consult with if I'm struggling with a supervisee?
