

CAP Prayer Meeting - 20th March 2022

meet.google.com/eun-bwnd-tmy

Health

- J is pregnant
- K's mental health has deteriorated, alongside very complicated family circumstances. Has spoken to GP but very concerned about losing access to child.
- ME

Delays

- R hasn't made a decision on which route is best, and I haven't heard from them despite calling and leaving a number of messages
- B&D have made contact at the final hour before being closed. Relationship breakdown and change of circumstances mean lots of work to do before we can get back on track.
- MT hasn't paid in as they said they would

Thanks

- J&J have started paying in! Means things can start to move again.
- V - new client, yet to meet
- N - implementing changes well and very keen
- Links with other organisations - slow but steady progress with Victory Housing and Job Centre Plus. Please pray that these continue in a positive direction and that they signpost those that are most likely to engage with our service
- K - I topped up a little food and gas, and helped to apply to the Norfolk Assistance Scheme. They have awarded £750 and I have had such messages of thanks!
- A - seems to be managing the plan well. Pray they balance work and family.

Debt free

- Pray for those who have become debt free relatively quickly (L, I, K, R), that they will develop good habits, and access further budgeting support through the Money Course (more dates to be advertised soon)
